New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarly interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only *your own* of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

THE LARGEST, Most General and Best Selected Stock of MERCHANDISE ever introduced to the people of Rock and the adjoining counties is now received at the EMPIRE CASH STORE. A Stock larger than any Two Stores in Janesville to be Sold for CASH, at prices that all can see are at least 25 per cent lower than the PRETNDED CASH STORES SELL FOR.

For this reason we sell more Goods than any two Stores in Janesville, and this year we intend to sell more than any three, consequently, we can sell just one-third cheaper, as our expenses are no more by selling so much than they would be did we not sell any more than our neighbors.

Reduce The Price and Increase the Speed

Is the order of the day; and in order to do so, we have purchased this spring larger than ever, and intend to sell at prices to astonish everybody.

We buy Goods to SELL, and intend everybody shall understand this by our prices. We have purchased every thing by the Cord in the way of Merchandise. Our Stock embraces every thing in the Goods line, kept in such a store as ours only, commencing with

DRY GOODS, GROCERIES,

CROCKERY, HARDWARE in connection with a general STOVE TRADE.

READY-MADE CLOTHING,

BOOTS and SHOES, HATS, BONNETS, RIBBONS and CAPS, &c. &c.

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected POSITIVELY, by LETTING THEM ALONE.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The Daily Gazette.

JANESVILLE : : : : WISCONSIN.

WEDNESDAY MORNING, AUG. 2, 1854.

☞ The telegraph is again in working order, and we hope to resume our regular reports to-morrow We received a portion of a report yesterday, but it was too disconnected for publication. The arrival of the Canada brings news of a further decline in breadstuffs. No decisive news from the continent.

This, with much more "of the same sort," from an ardent anti-slavery and Maine law pen, fails to convince us that any other organization, designed to "crush out" political evil, can be made as efficient as that which connects us with the whig party. To its principles and action EDUCATION and IMPROVEMENT are indebted. Its sentiments and sympathies are with and for PROGRESS and FREEDOM. Its influence is seen and felt in the promotion of all salutary measures—all wholesome reforms. With this experience of the working, and these convictions of the usefulness, of the whig party, we are not likely to change either our party relations or political creed.

The Albany Journal appends the above remarks to a paragraph from a correspondent, suggesting the propriety of the Journal's going into the people's movement and declaring in favor of the dissolution of parties. We have no feelings but those of respect for such sentiments, nor have we a word of reproach for those who in this state may conscientiously refuse to co-operate with the republican party. Yet we believe there are very few of that class, and the same reasoning that would be conclusive in the state of New York, might not apply to Wisconsin. "Circumstances alter cases." In New York the whig party is strong, and on the Nebraska question it is right. In Wisconsin it is right, but not so very strong. This question and its correlative questions overshadow all others in importance. There is a strong feeling upon the subject among all parties; no inconsiderable number of the democratic party in this state are opposed to the Nebraska law; in fact we hazard nothing in saying that a large majority of them are, but party ties are strong with them and party prejudices stronger. They would no sooner support a purely whig nomination than whigs would support a democratic nomination, certainly a hard alternative. Should such nominations be made and adhered to, the great question, infinitely paramount to that of party success, would be decided so far as Wisconsin is concerned, in the wrong way, contrary to the wishes of three fourths of the people. Is there any party principle sacrificed by a union of all the elements of opposition for the specific purpose of deciding this question? We believe not; and so thinking, we should deeply regret the intervention of anything to defeat this purpose.

CAUTION TO DOGS.—Mysterious bits of meat were to be seen in the streets yesterday, and it is hinted that it would be better for dogs "to touch not, taste not, handle not." We give them the benefit of this notice, that they may exercise all due caution.

☞ Ours and our readers' much valued friend, "an old subscriber," has broken away from the business cares of the city and has retreated to the cooler retreats of northern New York in search of health, from which he dates one of his pleasantly conceived letters, to be found in our columns to-day.

MATTER FOR REFLECTION.—Will our abolition friends "take a note" of the following bill of costs which the Daily Mail furnishes us. Many such expensive fugitives and we are satisfied.—*Young America.*

"Among other bills that have been rendered to the United States marshal for services rendered in the case of Burns—are $9,000; one by the city of Boston for extra policemen, amounting to $7,00; H. D. Parker's bill amounnting to $4,000; and the steam tug John Taylor, $420. These are but a small number."

"Our abolition friends" had previously made a note of such facts, and have been troubled to know why the "property" of the south should be reclaimed at the expense of the general government when the "property" of the north finds no such aid. If a northern man loses a horse, he recovers it at his own expense, and we see no reason why the southern slave-holder should not recover his "property" on the same terms.

JANESVILLE, July 30th, 1854.

MESSRS. EDITORS:—

Having been informed that my position and feelings in reference to the case tried before Esq. Bates, have by some been misunderstood, I will state that when asked by Mr. Noggle how I felt "after having all the evidence and taking all the circumstances into consideration." My reply was, that I felt better *satisfied* than I did before the the trial. The idea that I wished to convey was, that having brought the facts of the case before the court and the public, I was better satisfied than before,—not that I thought the person on triral guilty of no wrong, but that the facts in the case were before the court and people, and it was for them to judge as to the guilt or innocence of the party.

The idea that I wished my council to convey in reference to my feelings was that I have no vindictive or revengeful feelings towards the person alluded to. T. W. HALL.

THE WARD JURYMEN.—We have been permitted to make an extract from a letter dated Elizabethtown, July 11th:

This week has been the chancery term of our court. The grand jury have found a true bill for perjury against four of the Ward jurymen, and they are held to bail in $1,000 each to appear at the next circuit court. They have got several others, it is said, but they could not get the sheriff to bring up the witnesses. This may lead to the discovery of the whole affair.—*Danville Tribune.*

☞ S. Lisle Smith, of Chicago, died last Sunday.

[Correspondence of the Janesville Gazette.]

PORT HENRY, ESSEX CO., NEW YORK.
Wednesday Eve., July 26, 1854.

MESSRS. EDITORS:—It is a long time since "An Old Subscriber" had the time to address a few lines to the readers of the Gazette. I was in strong hopes of seeing you face to face long before this date, but sickness stepped in just as I was ready for a trip westward-ho, and by my physician's advice I have been once again turned from my purpose, "to see you," and have now after two weeks' sickness taken a trip away up in Lake Champlain, to seek health and strength amongst the mountains and fine clear air of northern New York. Many of your readers have doubtless seen the beautiful waters of this lovely lake, and I know that they will not think lightly of such a delightful reminiscence, and those who have never seen the lake will not think it a trespass, if I say a few words concerning "a trip for health" from the crowded, noisy, hot and filthy streets of New York to Lake Champlain. Well, old friends, "An Old Sub." knew too much to take the "Lightning Express" for Albany if he was going for rest and recreation, so he took the good old fashioned steamboat the "Troy," for Troy, and after procuring an airy a state room as possible, he looked out to see who were the companions of the voyage. Well reader, the good old times when the Albany and Troy boats were crowded every evening with the gay and fashionable, seeking amusement and the country air, are gone by. The wharf looked *deserted* when compared with what it used to be ten years ago. Yes, *deserted* and lonely. The great mass of travei now go by the rail cars. Speed and uot comfort is the motto of young traveling America. So the comfortable river boats are left for the *old* fashioned people and for emigrants going westward. The weather had been so unmercifully hot that sleep anywhere was considered dubious, but I made out to get a few uneasy, hot naps and got in the quiet city of Troy at 5 o'clock A. M., yesterday. After "going in" moderately at the Union House, I took the 7 o'clock train for Saratoga, passing through Waterford and Ballston Spa, both villages, especially the first named, having increased in size and business appearance very much indeed since last I passed through them some ten years since. Saratoga Springs has grown beyond my knowledge; I hardly recognized the place it looked so large and nice, and pretty withal. From Saratoga Springs I took the S. and Washington railroad as far as Whitehall, "*The Lake*," 73 miles from Troy, passing through the pretty villages of Fort Edward and Fort Ann, arriving at the "Lake" at 10 o'clock or thereabout. The fine steamer "Canada" was there waiting and took us all on board, and without any delay proceeded slowly up the crooked, winding and narrow lake, or rather river, for it puts me in mind of river St. Clair very much.—It seemed at times as if one could jump on shore from the steamer's wheel-house. And yet, like the St. Clair, it was a delightful river to sail upon; so meandering, so serpentine, and yet so wild and beautiful. After a while the lake gradually widened and soon you approach romantic and revolutionary grounds. Old Fort Ticonderoga is seen, the ancient ruins plainly visible to the eye, and then you come to "Crown Point," and as you turn the jut of land, the old chimnies of the fort are very distinctly to be seen, and seem in a very perfect state, when the time since they were built and the mutations of their history are taken into consideration.

These latter ruins I intend visiting to-morrow and will (if able) give you a more detailed account of them. This place is situated nearly opposite "Crown Point" and is noted for its iron ore beds. That of the Cheever company yields under careful analysis 90 per cent. of pure iron and as usually worked in the blasting and smelting furnaces, about 75 per cent. pure iron. I rode up to the "hill" and walked around amongst the "pits," saw the steam engine, a beautiful working piece of machinery it is too, hauling up the buckets full of the "ore" from various pits varying from 70 to 150 feet in depth. It is then carted away to the lake shore, dumped down on the company's wharf and then loaded in the Lake Champlain canal boats for market. The ore seems free from stone or quartz or dirt, and you can rub a piece in your hands all into little fine crystals without in the least soiling your hands. The whole charge of these beds; the mining, carting, shipping, paying men, &c., is under the energetic superintendence of Wm. H. Stone, esq., (a nephew of the late Col. Stone of the Commercial Advertiser.)

The company are building an inclined plane railway of some five-eighths of a mile long to carry the ore to the lake, without carting, and the "way" will be done in two weeks. More anon. "AN OLD SUBSCRIBER."

THE WHEAT CROP IN SHEBOYGAN COUNTY.—The Sheboygan Times of Friday, the 28th inst., has cheering accounts of the harvest in that county. It says:

The winter wheat is about all cut—and much of the spring, and promises a most abundant yield. Many fields, it is thought, will yield an average of 30 to 35 bushels to the acre. The town of Scott has three times the amount of grain to harvest that it has ever had before.—Nearly all the other towns have doubled on last year. The winter wheat has been cut in excellent order, but we fear the frequent rains of the last few days will prevent its being securely housed.

REPORTED FRAUDS IN ENGLAND.—The N. Y. Times says: "We hear in Wall street, a rumor communicated through some of the London letters, that a series of frauds in the shape of warehouse receipts, or vouchers for goods represented to be in store, has been successfully practiced upon the commission merchants and bankers of the metropolis, involving altogether about £400,000, or two million of dollars."

WHEAT IN OHIO.—The Columbus Ohio State Journal states that thousands of bushels of new wheat have been offered by the farmers in the county, at $1 per bushel, but the millers decline making contracts at that price.

THE MORTALITY AT LAMAR'S.—We have before mentioned the great mortality at Lamar's stage station, fifteen miles east of this city, on the Chicago road; we have now additional particulars. The dead, in all, are Mrs. Lamar and four children, two servant girls, two stage divers, the bar keeper and a man employed, until yesterday, making coffins for the deceased. After nine had died in the house, which by the way, is in one of the most beautiful and airy situations in the country, the remaining members of the family, and the friends who had come to their aid, removed to the barn, across the street; where the two last were seized and expired. Mr. Lamar and his only living child have gone to Shullsburgh, and the place is abandoned. Dr. Ladd of Shullsburgh, who died on Thursday morning, was one of the attending physicians; a friend of the family also living at Shullsburgh, is lying at death's door, if he be not also dead; and the four stage drivers who have died in this city, within a few days—two at the Bradley House and two at the City Hotel—were in the habit of taking some of heir meals and spending a part of their time at Lamar's house.

This extraordinary mortality is unexampled. We hear that it is accounted for by the condition of the cellar beneath the house. The bottom, it is said, was covered with water in a putrid condition, in which were floating cut pieces of meat, decayed vegetables and other refuse that will gather in such places. Over this mass, the meat consumed by the family was hanging, and through the accumulations upon it, the disease—whatever it may have been—is supposed to have been communicated to the sufferers. It is said that every person who took dinner there on Monday, is now in the grave. Poison is suspected—with what reason, we do not know.

Some local cause operating with deadly virulence has killed *seventeen* out of some twenty-five persons who have been in contact with it. Let this warning take hold of all whose premises contain the seeds of disease.—*Galena Jeff.*

A NEBRASKA "SQUATTER" IN A RAILWAY CAR.—In passing up the Hudson river road last week, the train had stopped for wood and water, and most of the passengers left the cars and were lounging about the platform. Presently the bell rang and the word given, "all on board," when a rush was made for seats. Among those entering was a laboring man, a tough, hardy looking fellow, and finding the seat he had just left occupied by another person, passed on and took the next vacant one he came to. He was scarcely seated before a gentleman came up who had been declaiming on the passage in favor of the Nebraska swindle. He stopped before him and told the hardy fellow that he was occupying his seat and requested him to vacate it. "Upon what ground do you claim?" said the hardy customer very significantly. "I should like to know upon what principle *you* take a gentleman's seat who had left the cars for a moment," replied the gentleman. "Upon what ground?" said the hardy, at the same time bringing his fist down like a piece of live oak, "why upon the principle of squatter sovereignty—being a sovereign I've squatted and claim under Douglas' Nebraska bill." It is needless to say that this proved a Nebraska settler, and the Nebraskite took a back seat the rest of the passage.—*Alb. Jour.*

An earthquake occurred at Panama, on the night of July 10th. About midnight two shocks with barely a seconds interval, shook every house in the city, and so severe were they that there were few people asleep who were not awakened by the movement of their beds. The shock lasted about twenty seconds. Some people were so terrified that they rushed into the streets, expecting momentarily to see their dwellings thrown down. The night was beautifully clear and still and barely a cloud to be seen in the sky. The earthquake was succeeded by lightning and thunder which continued throughout the night. This is the only earthquake experienced at Panama since the year 1841. No damage was done.

THE GRAYTOWN BOMBARDMENT.—We are glad to see that the press generally is speaking out in reproof of the acts of the commander of the *Cyane* at Greytown, done in pursuance to orders direct from Washington.

SOLON BORLAND, who was among the first to disgrace the U. S. senate with the language and acts appropriate to Lilligsgate, and who aided to inaugurate that period in the existence of the senate, when such acts and language are the rule, and not the exception,—was rewarded for his distinguished merits, by President Pierce, with a mission to the Central American States. We have heard of no other remarkable diplomatic performance of his except his stump speech of two hours in length, at his reception by th government to which he was accredited. Being about to return home after this arduous labor, in order to canvass Arkansas for the fall election, he arrived at Graytown, and was on board the U. S. mail steamer, about to leave for New York.

One Captain Smith, master of a small steamer on the river connecting Greytown with Lake Nicaraugua, had, after some difficulty with a native boatman on his passage down, shot him dead. Being pursued by the police of Greytown, Smith sought refuge on board the steamship, and Borland, with rifle in hand, made armed resistance to the coming of the police on board in pursuit. The same evening on going ashore, Borland was arrested, and kept in durance for the night. Released the next morning, he goes on to Washington, and lays the story of his wrongs (!) before the president, and, forthwith, the *Cyane* sloop-of-war is ordered around to Greytown armed with vengance. The poor, miserable mass of shanties is bombarded for hours, and as the walls of the houses are so thin that the balls go through them without doing them much harm, a party is landed and burns the whole town, destoying alike public and private property, included in the latter being a large amount belonging to citizens of the United States.

Gallant commander! glorious "flag of the free!" Magnanimous president! Brave administration!

"Father and mother and I,
And ten good soldiers more,
Beat an old woman stone blind
That couldn't see much before."—Mil. Sen.

The Washington correspondent of the N. Y. Courier and Enquirer says:

The house has now three corruption committees, and another is talked of, to investigate the charge that two and a half millions of the money appropriated by the Texas creditors' bill has been or is to be applied to the purchase of votes for that bill. Mr. Bayly is under indictment. About one quarter of the house are secretly or openly charged with receiving or listening to offers of bribes in connection with the Colt patent bill.

The same writer adds:

More committees of investigation would be raised, but it is feared that there are not honest men enough in the house to try the rascals.

In the sixth congressional district convention of Indiana, the Nebraska democrats having a small majoirty, the anti-Nebraska democrats seceded and nominated Mr. Joseph Holman, of Wayne, for congress. D. P. Holloway is the whig candidate, and will doubtless be elected.

SAM PATCH THE SECOND.—Last Sunday evening we saw a *live* Irishman, who, on Saturday night, about 10 o'clock, undertook to cross the Mississippi just below the ferry in Capt. Tapper's yawl, when by some hook or crook, the boat became unmanageable. Erin's son soon found that he was in for a trip over the falls, and jumped from the boat, leaving it to its own fate to take care of "No. 1." He then made for the deepest water, turned upon his back, feet foremost and went over the precipice near the west bank. In a short time he found himself against some logs below the mills and climbed upon them. He saw no way to get to the shore so he hallooed a "couple o' times," but hearing no response, laid down and slept till daylight. Two gentlemen with a rope then assisted him ashore.

This is a marvellous escape indeed; probably not one in a thousand could have passed over the same spot and come out alive; but presence of mind is everything in places of danger. He told us his own story as we have given it above, and added—that he had "a pint of *whiskey* in his pocket, but the bottle wasn't broken at all at all; but that he knew nothing about the whiskey till between *daylight and dark* Sunday morning, and so he didn't." He was a little bruised, but not so much as to disable him in the least, for he drove a team out to Minnetonka on the Sabbath.—*St. Anthony Dem.*

MURDEROUS JEALOUSY OF A DIVORCED HUSBAND.—On Saturday night last, a man by the name of Stoddard, living in the upper end of the city, murdered the woman with whom he had been living, and who had formerly been his wife, under the following circumstances:

She was dressing to attend a ball or show that evening, to which she was invited by another man. Stoddard although divorced, was staying with her at the time, and hearing of it got an axe, went to her room, and asked her if what he heard was true. She replied that it was. He then asked her if she still intended to go. She answered that she did. He immediately struck her with the axe across the chin, inflicting a horrid gash, and then followed up the blow by another which completely severed her windpipe and jugular vein. She expired in a few minutes and the murderer fled toward the river, pursued by a crowd, but was not caught. Some say he ran into the river and was drowned, while others assert that he was seen on the Island on Sunday morning about 5 o'clock. His bloody axe was found on the bank of the river close to the water's edge. The probability is that he has escaped. A reward of $500,00 is offered by the mayor for his apprehension.—*Rock Island (Ill.) Advertiser.*

KANSAS LAND DISTRICT.—The land office was opened at Kaskaskia a few days since. Entries to the amount of $40,000 were made in one day, The claimants for lands on the Central railroad were numerous; they were put up at auction and sold as $5 80 an acre.

SERVED HIM RIGHT.—Morrisey, the boasting bully, recently had a rough and tumble fight with another of his sort on one of the docks in New York city, and got beaten and mauled so that his mother wouldn't know him. It is a pity that both of them had not rolled off into the East river.

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

The best of references given as to the responsibility of the company.

THE DAILY GAZETTE.

SUDDEN DEATH.—Mr. Garrison, who was well known to many in our midst, as the landlord of the City Hotel some years ago, and formerly of the Sherman House, Chicago, was found dead on Main street yesterday morning, about 7½ A. M. He had been indisposed for some days, and had received every attention from his friends and the members of the fraternity to which he belonged, but had ventured out of doors contrary to the advice of his physician. He leaves a wife and six children in Detroit.—*Wisconsin.*

COTTON SEED OIL.—Mr. Shepard of Galveston, Texas, has produced oil by compressure from cotton. One hundred pounds of seed yield from twelve to fifteen pounds of oil, which, when properly clarified, is equal to sweet oil for machinery, and is superior to ordinary lamp oil, while it can be sold at one-half or one-third the cost of either. The cake is valuable for feeding hogs and other farmer's stock; and thus is brought into use an article hitherto considered worthless.

Jacob Little the great "bear" of Wall street, New York, is reported to have pocketed over half a million of dollars by the recent decline of stocks.

PIXLEY & KIMBALL,

DEALERS IN

HARDWARE,

Wholesale & Retail,

SIGN OF THE SAW, MAIN STREET, JANESVILLE

THE SUBSCRIBERS, in returning their thanks to their numerous patrons for past favors, and soliciting a continuance of the same, would respectfully inform the people of Central and Western Wisconsin, that they have now in store, and offer for sale, at the lowest cash prices, a larger and better selected stock of

Heavy and Shelf Hardware, Bar Iron, Steel, Nails, Stoves, &c.,

than can be found in any other establishment in the interior of the State.

The attention of Consumers and Country Dealers is particularly invited to our immense stock of
AMERICAN, ENGLISH REFINED & SWEDES IRON,
CAST, GERMAN, ENGLISH & AMERICAN BLISTER,
TOE CALK, SPRING, COM. & CAST PLOW STEEL,
of all sizes.

Also to the almost endless variety of superior
Carpenter, Joiner, Cooper, Blacksmith, Wagon-making and Farming TOOLS,

Our stock of

Cook and Parlor Stoves

was never larger than at present, and comprises some forty different patterns selected with great care, (having been previously fully tested in this market.) from several of the best manufactories in Troy and Albany. *Having bought our Stoves on long time, without interest, and at a great discount,* we are enabled to compete successfully with those who buy in SMALL LOTS, "exclusively for cash," of which we will convince all who may give us a trial.

STOVE FURNITURE, STOVE PIPE, and all kinds of TIN WARE constantly on hand, or manufactured to order.

We are agents for the sale of Duryee & Forsyth's celebrated Fire Proof Safes and Platform and Counter Scales, and also for the sale of Yale's Magic Bank, Safe and Store Door Locks.
B. F. PIXLEY, [2] F. A. KIMBALL.

AGAIN & AGAIN

THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that
"Man wants but little here below,"
and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39 007 00 Worth of Goods

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10 000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—
Eved French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,
And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are

"Heaven's last, best gift to man,"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS," COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Allegany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE. WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.
In the

CROCKERY

Line may be found the BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"Often seen corruption boil and bubble till It o'erran the stew,"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"Stand like forfeits in a Barber shop, More in mock than mark."

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c.—also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

NEW GOODS!

$15,000 Worth of

BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store,

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of **Eastern Sole & Upper Leather;** also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kings of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoeselling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates.
Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

The Daily Gazette.

JANESVILLE : : : : WISCONSIN.

WEDNESDAY MORNING, AUG. 2, 1854.

☞ The telegraph is again in working order, and we hope to resume our regular reports to-morrow We received a portion of a report yesterday, but it was too disconnected for publication. The arrival of the Canada brings news of a further decline in breadstuffs. No decisive news from the continent.

This, with much more "of the same sort," from an ardent anti-slavery and Maine law pen, fails to convince us that any other organization, designed to "crush out" political evil, can be made as efficient as that which connects us with the whig party. To its principles and action EDUCATION and IMPROVEMENT are indebted. Its sentiments and sympathies are with and for PROGRESS and FREEDOM. Its influence is seen and felt in the promotion of all salutary measures—all wholesome reforms. With this experience of the working, and these convictions of the usefulness, of the whig party, we are not likely to change either our party relations or political creed.

The Albany Journal appends the above remarks to a paragraph from a correspondent, suggesting the propriety of the Journal's going into the people's movement and declaring in favor of the dissolution of parties. We have no feelings but those of respect for such sentiments, nor have we a word of reproach for those who in this state may conscientiously refuse to co-operate with the republican party. Yet we believe there are very few of that class, and the same reasoning that would be conclusive in the state of New York, might not apply to Wisconsin. "Circumstances alter cases." In New York the whig party is strong, and on the Nebraska question it is right. In Wisconsin it is right, but not so very strong. This question and its correlative questions overshadow all others in importance. There is a strong feeling upon the subject among all parties; no inconsiderable number of the democratic party in this state are opposed to the Nebraska law; in fact we hazard nothing in saying that a large majority of them are, but party ties are strong with them and party prejudices stronger. They would no sooner support a purely whig nomination than whigs would support a democratic nomination, certainly a hard alternative. Should such nominations be made and adhered to, the great question, infinitely paramount to that of party success, would be decided so far as Wisconsin is concerned, in the wrong way, contrary to the wishes of three fourths of the people. Is there any party principle sacrificed by a union of all the elements of opposition for the specific purpose of deciding this question? We believe not; and so thinking, we should deeply regret the intervention of anything to defeat this purpose.

CAUTION TO DOGS.—Mysterious bits of meat were to be seen in the streets yesterday, and it is hinted that it would be better for dogs "to touch not, taste not, handle not." We give them the benefit of this notice, that they may exercise all due caution.

☞ Ours and our readers' much valued friend, "an old subscriber," has broken away from the business cares of the city and has retreated to the cooler retreats of northern New York in search of health, from which he dates one of his pleasantly conceived letters, to be found in our columns to-day.

MATTER FOR REFLECTION.—Will our abolition friends "take a note" of the following bill of costs which the Daily Mail furnishes us. Many such expensive fugitives and we are satisfied.—*Young America.*

"Among other bills that have been rendered to the United States marshal for services rendered in the case of Burns—are $9,000; one by the city of Boston for extra policemen, amounting to $7,00; H. D. Parker's bill amounting to $4,000; and the steam tug John Taylor, $420. These are but a small number."

"Our abolition friends" had previously made a note of such facts, and have been troubled to know why the "property" of the south should be reclaimed at the expense of the general government when the "property" of the north finds no such aid. If a northern man loses a horse, he recovers it at his own expense, and we see no reason why the southern slave-holder should not recover his "property" on the same terms.

JANESVILLE, July 30th, 1854.

MESSRS. EDITORS:—

Having been informed that my position and feelings in reference to the case tried before Esq. Bates, have by some been misunderstood, I will state that when asked by Mr. Noggle how I felt "after having all the evidence and taking all the circumstances into consideration." My reply was, that I felt better *satisfied* than I did before the the trial. The idea that I wished to convey was, that having brought the facts of the case before the court and the public, I was better satisfied than before,—not that I thought the person on triral guilty of no wrong, but that the facts in the case were before the court and people, and it was for them to judge as to the guilt or innocence of the party.

The idea that I wished my council to convey in reference to my feelings was that I have no vindictive or revengeful feelings towards the person alluded to. T. W. HALL.

THE WARD JURYMEN.—We have been permitted to make an extract from a letter dated Elizabethtown, July 11th:

This week has been the chancery term of our court. The grand jury have found a true bill for perjury against four of the Ward jurymen, and they are held to bail in $1,000 each to appear at the next circuit court. They have got several others, it is said, but they could not get the sheriff to bring up the witnesses. This may lead to the discovery of the whole affair.—*Danville Tribune.*

☞ S. Lisle Smith, of Chicago, died last Sunday.

[Correspondence of the Janesville Gazette.]

PORT HENRY, ESSEX CO., NEW YORK. }
Wednesday Eve., July 26, 1854. }

MESSRS. EDITORS:—It is a long time since "An Old Subscriber" had the time to address a few lines to the readers of the Gazette. I was in strong hopes of seeing you face to face long before this date, but sickness stepped in just as I was ready for a trip westward-ho, and by my physician's advice I have been once again turned from my purpose, "to see you," and have now after two weeks' sickness taken a trip away up in Lake Champlain, to seek health and strength amongst the mountains and fine clear air of northern New York. Many of your readers have doubtless seen the beautiful waters of this lovely lake, and I know that they will not think lightly of such a delightful reminiscence, and those who have never seen the lake will not think it a trespass, if I say a few words concerning "a trip for health" from the crowded, noisy, hot and filthy streets of New York to Lake Champlain. Well, old friends, "An Old Sub." knew too much to take the "Lightning Express" for Albany if he was going for rest and recreation, so he took the good old fashioned steamboat the "Troy," for Troy, and after procuring an airy a state room as possible, he looked out to see who were the companions of the voyage. Well reader, the good old times when the Albany and Troy boats were crowded every evening with the gay and fashionable, seeking amusement and the country air, are gone by. The wharf looked *deserted* when compared with what it used to be ten years ago. Yes, *deserted* and lonely. The great mass of travel now go by the rail cars. Speed and not comfort is the motto of young traveling America. So the comfortable river boats are left for the *old* fashioned people and for emigrants going westward. The weather had been so unmercifully hot that sleep anywhere was considered dubious, but I made out to get a few uneasy, hot naps and got in the quiet city of Troy at 5 o'clock A. M., yesterday. After "going in" moderately at the Union House, I took the 7 o'clock train for Saratoga, passing through Waterford and Ballston Spa, both villages, especially the first named, having increased in size and business appearance very much indeed since last I passed through them some ten years since. Saratoga Springs has grown beyond my knowledge; I hardly recognized the place it looked so large and nice, and pretty withal. From Saratoga Springs I took the S. and Washington railroad as far as Whitehall, "*The Lake*," 73 miles from Troy, passing through the pretty villages of Fort Edward and Fort Ann, arriving at the "Lake" at 10 o'clock or thereabout. The fine steamer "Canada" was there waiting and took us all on board, and without any delay proceeded slowly up the crooked, winding and narrow lake, or rather river, for it puts me in mind of river St. Clair very much.—It seemed at times as if one could jump on shore from the steamer's wheel-house. And yet, like the St. Clair, it was a delightful river to sail upon; so meandering, so serpentine, and yet so wild and beautiful. After a while the lake gradually widened and soon you approach romantic and revolutionary grounds. Old Fort Ticonderoga is seen, the ancient ruins plainly visible to the eye, and then you come to "Crown Point," and as you turn the jut of land, the old chimnies of the fort are very distinctly to be seen, and seem in a very perfect state, when the time since they were built and the mutations of their history are taken into consideration.

These latter ruins I intend visiting to-morrow and will (if able) give you a more detailed account of them. This place is situated nearly opposite "Crown Point" and is noted for its iron ore beds. That of the Cheever company yields under careful analysis 90 per cent. of pure iron, and as usually worked in the blasting and smelting furnaces, about 75 per cent. pure iron. I rode up to the "bill" and walked around amongst the "pits," saw the steam engine, a beautiful working piece of machinery it is too, hauling up the buckets full of the "ore" from various pits varying from 70 to 150 feet in depth. It is then carted away to the lake shore, dumped down on the company's wharf and then loaded in the Lake Champlain canal boats for market. The ore seems free from stone or quartz or dirt, and you can rub a piece in your hands all into little fine crystals without in the least soiling your hands. The whole charge of these beds; the mining, carting, shipping, paying men, &c., is under the energetic superintendence of Wm. H. Stone, esq., (a nephew of the late Col. Stone of the Commercial Advertiser.)

The company are building an inclined plane railway of some five-eighths of a mile long to carry the ore to the lake, without carting, and the "way" will be done in two weeks. More anon. "AN OLD SUBSCRIBER."

THE WHEAT CROP IN SHEBOYGAN COUNTY.—The Sheboygan Times of Friday, the 28th inst., has cheering accounts of the harvest in that county. It says:

The winter wheat is about all cut—and much of the spring, and promises a most abundant yield. Many fields, it is thought, will yield an average of 30 to 35 bushels to the acre. The town of Scott has three times the amount of grain to harvest that it has ever had before.—Nearly all the other towns have doubled on last year. The winter wheat has been cut in excellent order, but we fear the frequent rains of the last few days will prevent its being securely housed.

REPORTED FRAUDS IN ENGLAND.—The N. Y. Times says: "We hear in Wall street, a rumor communicated through some of the London letters, that a series of frauds in the shape of warehouse receipts, or vouchers for goods represented to be in store, has been successfully practiced upon the commission merchants and bankers of the metropolis, involving altogether about £400,000, or two million of dollars."

WHEAT IN OHIO.—The Columbus Ohio State Journal states that thousands of bushels of new wheat have been offered by the farmers in the county, at $1 per bushel, but the millers decline making contracts at that price.

THE MORTALITY AT LAMAR'S.—We have before mentioned the great mortality at Lamar's stage station, fifteen miles east of this city, on the Chicago road; we have now additional particulars. The dead, in all, are Mrs. Lamar and four children, two servant girls, two stage drivers, the bar keeper and a man employed, until yesterday, making coffins for the deceased. After nine had died in the house, which by the way, is in one of the most beautiful and airy situations in the country, the remaining members of the family, and the friends who had come to their aid, removed to the barn, across the street; where the two last were seized and expired. Mr. Lamar and his only living child have gone to Shullsburgh, and the place is abandoned. Dr. Ladd of Shullsburgh, who died on Thursday morning, was one of the attending physicians; a friend of the family also living at Shullsburgh, is lying at death's door, if he be not also dead; and the four stage drivers who have died in this city, within a few days—two at the Bradley House and two at the City Hotel—were in the habit of taking some of heir meals and spending a part of their time at Lamar's house.

This extraordinary mortality is unexampled. We hear that it is accounted for by the condition of the cellar beneath the house. The bottom, it is said, was covered with water in a putrid condition, in which were floating cut pieces of meat, decayed vegetables and other refuse that will gather in such places. Over this mass, the meat consumed by the family was hanging, and through the accumulations upon it, the disease—whatever it may have been—is supposed to have been communicated to the sufferers. It is said that every person who took dinner there on Monday, is now in the grave. Poison is suspected—with what reason, we do not know.

Some local cause operating with deadly virulence has killed *seventeen* out of some twenty-five persons who have been in contact with it. Let this warning take hold of all whose premises contain the seeds of disease.—*Galena Jeff.*

A NEBRASKA "SQUATTER" IN A RAILWAY CAR.—In passing up the Hudson river road last week, the train had stopped for wood and water, and most of the passengers left the cars and were lounging about the platform. Presently the bell rang and the word given, "all on board," when a rush was made for seats. Among those entering was a laboring man, a tough, hardy looking fellow, and finding the seat he had just left occupied by another person, passed on and took the next vacant one he came to. He was scarcely seated before a gentleman came up who had been declaiming on the passage in favor of the Nebraska swindle. He stopped before him and told the hardy fellow that he was occupying his seat and requested him to vacate it. "Upon what ground do you claim?" said the hardy customer very significantly. "I should like to know upon what principle *you* take a gentleman's seat who had left the cars for a moment," replied the gentleman. "Upon what ground?" said the hardy, at the same time bringing his fist down like a piece of live oak, "why upon the principle of squatter sovereignty—being a sovereign I've squatted and claim under Douglas' Nebraska bill." It is needless to say that this proved a Nebraska settler, and the Nebraskite took a back seat the rest of the passage.—*Alb. Jour.*

An earthquake occurred at Panama, on the night of July 10th. About midnight two shocks with barely a seconds interval, shook every house in the city, and so severe were they that there were few people asleep who were not awakened by the movement of their beds. The shock lasted about twenty seconds. Some people were so terrified that they rushed into the streets, expecting momentarily to see their dwellings thrown down. The night was beautifully clear and still and barely a cloud to be seen in the sky. The earthquake was succeeded by lightning and thunder which continued throughout the night. This is the only earthquake experienced at Panama since the year 1841. No damage was done.

THE GRAYTOWN BOMBARDMENT.—We are glad to see that the press generally is speaking out in reproof of the acts of the commander of of the *Cyane* at Greytown, done in pursuance to orders direct from Washington.

SOLON BORLAND, who was among the first to disgrace the U. S. senate with the language and acts appropriate to Lilliegate, and who aided to inaugurate that period in the existence of the senate, when such acts and language are the rule, and not the exception,—was rewarded for his distinguished merits, by President Pierce, with a mission to the Central American States. We have heard of no other remarkable diplomatic performance of his except his stump speech of two hours in length, at his reception by th government to which he was accredited. Being about to return home after this arduous labor, in order to canvass Arkansas for the full election, he arrived at Graytown, and was on board the U. S. mail steamer, about to leave for New York.

One Captain Smith, master of a small steamer on the river connecting Greytown with Lake Nicaraugua, had, after some difficulty with a native boatman on his passage down, shot him dead. Being pursued by the police of Greytown, Smith sought refuge on board the steamship, and Borland, with rifle in hand, made armed resistance to the coming of the police on board in pursuit. The same evening on going ashore, Borland was arrested, and kept in durance for the night. Released the next morning, he goes on to Washington, and lays the story of his wrongs (!) before the president, and, forthwith, the *Cyane* sloop-of-war is ordered around to Greytown armed with vengance. The poor, miserable mass of shanties is bombarded for hours, and as the walls of the houses are so thin that the balls go through them without doing them much harm, a party is landed and burns the whole town, destoying alike public and private property, included in the latter being a large amount belonging to citizens of the United States.

Gallant commander! glorious "flag of the free!" Magnanimous president! Brave administration!

"Father and mother and I,
And ten good soldiers more,
Beat an old woman stone blind
That couldn't see much before."—Mil. Sen.

The Washington correspondent of the N. Y. Courier and Enquirer says:

The house has now three corruption committees, and another is talked of, to investigate the charge that two and a half millions of the money appropriated by the Texas creditors' bill has been or is to be applied to the purchase of votes for that bill. Mr. Bayly is under indictment. About one quarter of the house are secretly or openly charged with receiving or listening to offers of bribes in connection with the Colt patent bill.

The same writer adds:

More committees of investigation would be raised, but it is feared that there are not honest men enough in the house to try the rascals.

In the sixth congressional district convention of Indiana, the Nebraska democrats having a small majority, the anti-Nebraska democrats seceded and nominated Mr. Joseph Holman, of Wayne, for congress. D. P. Holloway is the whig candidate, and will doubtless be elected.

SAM PATCH THE SECOND.—Last Sunday evening we saw a *live* Irishman, who, on Saturday night, about 10 o'clock, undertook to cross the Mississippi just below the ferry in Capt. Tapper's yawl, when by some hook or crook, the boat became unmanageable. Erin's son soon found that he was in for a trip over the falls, and jumped from the boat, leaving it to its own fate to take care of "No. 1." He then made for the deepest water, turned upon his back, feet foremost and went over the precipice near the west bank. In a short time he found himself against some logs below the mills and climbed upon them. He saw no way to get to the shore so he hallooed a "couple o' times," but hearing no response, laid down and slept till daylight. Two gentlemen with a rope then assisted him ashore.

This is a marvellous escape indeed; probably not one in a thousand could have passed over the same spot and come out alive; but presence of mind is everything in places of danger. He told us his own story as we have given it above, and added—that he had "a pint of *whiskey* in his pocket, but the bottle wasn't broken at all at all; but that he knew nothing about the whiskey till between *daylight and dark* Sunday morning, and so he didn't." He was a little bruised, but not so much as to disable him in the least, for he drove a team out to Minnetonka on the Sabbath.—*St. Anthony Dem.*

MURDEROUS JEALOUSY OF A DIVORCED HUSBAND.—On Saturday night last, a man by the name of Stoddard, living in the upper end of the city, murdered the woman with whom he had been living, and who had formerly been his wife, under the following circumstances:

She was dressing to attend a ball or show that evening, to which she was invited by another man. Stoddard although divorced, was staying with her at the time, and hearing of it got an axe, went to her room, and asked her if what he heard was true. She replied that it was. He then asked her if she still intended to go. She answered that she did. He immediately struck her with the axe across the chin, inflicting a horrid gash, and then followed up the blow by another which completely severed her windpipe and jugular vein. She expired in a few minutes and the murderer fled toward the river, pursued by a crowd, but was not caught. Some say he ran into the river and was drowned, while others assert that he was seen on the Island on Sunday morning about 5 o'clock. His bloody axe was found on the bank of the river close to the water's edge. The probability is that he has escaped. A reward of $500,00 is offered by the mayor for his apprehension.—*Rock Island (Ill.) Advertiser.*

KANSAS LAND DISTRICT.—The land office was opened at Kaskaskia a few days since. Entries to the amount of $40,000 were made in one day. The claimants for lands on the Central railroad were numerous; they were put up at auction and sold as $5 80 an acre.

SERVED HIM RIGHT.—Morrisey, the boasting bully, recently had a rough and tumble fight with another of his sort on one of the docks in New York city, and got beaten and mauled so that his mother wouldn't know him. It is a pity that both of them had not rolled off into the East river.

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates,* as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap at any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciataca,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved,* by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally,* with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente,* are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c.

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss,* though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

THE DAILY GAZETTE.

SUDDEN DEATH.—Mr. Garrison, who was well known to many in our midst, as the landlord of the City Hotel some years ago, and formerly of the Sherman House, Chicago, was found dead on Main street yesterday morning, about 7½ A. M. He had been indisposed for some days, and had received every attention from his friends and the members of the fraternity to which he belonged, but had ventured out of-doors contrary to the advice of his physician. He leaves a wife and six children in Detroit.—*Wisconsin.*

COTTON SEED OIL.—Mr. Shepard of Galveston, Texas, has produced oil by compressure from cotton. One hundred pounds of seed yield from twelve to fifteen pounds of oil, which, when properly clarified, is equal to sweet oil for machinery, and is superior to ordinary lamp oil, while it can be sold at one-half or one-third the cost of either. The cake is valuable for feeding hogs and other farmer's stock; and thus is brought into use an article hitherto considered worthless.

Jacob Little the great "bear" of Wall street, New York, is reported to have pocketed over half a million of dollars by the recent decline of stocks.

Our stock of

Cook and Parlor Stoves

was never larger than at present, and comprises some forty different patterns selected with great care, (having been previously fully tested in this market,) from several of the best manufactories in Troy and Albany. *Having bought our Stoves on long time, without interest, and at a great discount,* we are enabled to compete successfully with those who buy in SMALL LOTS, "exclusively for cash," of which we will convince all who may give us a trial.

STOVE FURNITURE, STOVE PIPE, and all kinds of TIN WARE constantly on hand, or manufactured to order.

We are agents for the sale of Duryee & Forsyth's celebrated Fire Proof Safes and Platform and Counter Scales, and also for the sale of Yale's Magic Bank, Safe and Store Door Locks.

AGAIN & AGAIN

THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that
"Man wants but little here below,"
and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39 007 00 Worth of Goods

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10 000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparrel.—
Eved French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,
And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are

"Heaven's last, best gift to man,"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS," COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE. WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

CROCKERY

Line may be found the BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"Often seen corruption boil and bubble till It o'errun the stew,"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"Stand like forfeits in a Barber shop, More in mock than mark."

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c.—also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from hand to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.

Respectfully,

NEW GOODS!

$15,000 Worth of

BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store,

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one; that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of **East ro Sole & Upper Leather**; also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kinds of FINDINGS, LASTS, BOOT TREES, CRIMES, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

jy19 HOLDEN, KEMP & Co.

The Daily Gazette.

JANESVILLE : : : : WISCONSIN.

WEDNESDAY MORNING, AUG. 2, 1854.

☞ The telegraph is again in working order, and we hope to resume our regular reports to-morrow We received a portion of a report yesterday, but it was too disconnected for publication. The arrival of the Canada brings news of a further decline in breadstuffs. No decisive news from the continent.

This, with much more "of the same sort," from an ardent anti-slavery and Maine law pen, fails to convince us that any other organization, designed to "crush out" political evil, can be made as efficient as that which connects us with the whig party. To its principles and action EDUCATION and IMPROVEMENT are indebted. Its sentiments and sympathies are with and for PROGRESS and FREEDOM. Its influence is seen and felt in the promotion of all salutary measures—all wholesome reforms. With this experience of the working, and these convictions of the usefulness, of the whig party, we are not likely to change either our party relations or political creed.

The Albany Journal appends the above remarks to a paragraph from a correspondent, suggesting the propriety of the Journal's going into the people's movement and declaring in favor of the dissolution of parties. We have no feelings but those of respect for such sentiments, nor have we a word of reproach for those who in this state may conscientiously refuse to co-operate with the republican party. Yet we believe there are very few of that class, and the same reasoning that would be conclusive in the state of New York, might not apply to Wisconsin. "Circumstances alter cases." In New York the whig party is strong, and on the Nebraska question it is right. In Wisconsin it is right, but not so very strong. This question and its correlative questions overshadow all others in importance. There is a strong feeling upon the subject among all parties; no inconsiderable number of the democratic party in this state are opposed to the Nebraska law; in fact we hazard nothing in saying that a large majority of them are, but party ties are strong with them and party prejudices stronger. They would no sooner support a purely whig nomination than whigs would support a democratic nomination, certainly a hard alternative. Should such nominations be made and adhered to, the great question, infinitely paramount to that of party success, would be decided so far as Wisconsin is concerned, in the wrong way, contrary to the wishes of three fourths of the people. Is there any party principle sacrificed by a union of all the elements of opposition for the specific purpose of deciding this question? We believe not; and so thinking, we should deeply regret the intervention of anything to defeat this purpose.

CAUTION TO DOGS.—Mysterious bits of meat were to be seen in the streets yesterday, and it is hinted that it would be better for dogs "to touch not, taste not, handle not." We give them the benefit of this notice, that they may exercise all due caution.

☞ Ours and our readers' much valued friend, "an old subscriber," has broken away from the business cares of the city and has retreated to the cooler retreats of northern New York in search of health, from which he dates one of his pleasantly conceived letters, to be found in our columns to-day.

MATTER FOR REFLECTION.—Will our abolition friends "take a note" of the following bill of costs which the Daily Mail furnishes us. Many such expensive fugitives and we are satisfied.—*Young America.*

"Among other bills that have been rendered to the United States marshal for services rendered in the case of Burns—are $9,000; one by the city of Boston for extra policemen, amounting to $7,00; H. D. Parker's bill amounuting to $4,000; and the steam tug John Taylor, $420. These are but a small number."

"Our abolition friends" had previously made a note of such facts, and have been troubled to know why the "property" of the south should be reclaimed at the expense of the general government when the "property" of the north finds no such aid. If a northern man loses a horse, he recovers it at his own expense, and we see no reason why the southern slave-holder should not recover his "property" on the same terms.

JANESVILLE, July 30th, 1854.

MESSRS. EDITORS:—

Having been informed that my position and feelings in reference to the case tried before Esq. Bates, have by some been misunderstood, I will state that when asked by Mr. Noggle how I felt "after having all the evidence and taking all the circumstances into consideration." My reply was, that I felt better *satisfied* than I did before the the trial. The idea that I wished to convey was, that having brought the facts of the case before the court and the public, I was better satisfied than before,—not that I thought the person on trial guilty of no wrong, but that the facts in the case were before the court and people, and it was for them to judge as to the guilt or innocence of the party.

The idea that I wished my council to convey in reference to my feelings was that I have no vindictive or revengeful feelings towards the person alluded to. T. W. HALL.

THE WARD JURYMEN.—We have been permitted to make an extract from a letter dated Elizabethtown, July 11th:

This week has been the chancery term of our court. The grand jury have found a true bill for perjury against four of the Ward jurymen, and they are held to bail in $1,000 each to appear at the next circuit court. They have got several others, it is said, but they could not get the sheriff to bring up the witnesses. This may lead to the discovery of the whole affair.—*Danville Tribune.*

[Correspondence of the Janesville Gazette.]

PORT HENRY, ESSEX CO., NEW YORK.
Wednesday Eve., July 26, 1854.

MESSRS. EDITORS:—It is a long time since "An Old Subscriber" had the time to address a few lines to the readers of the Gazette. I was in strong hopes of seeing you face to face long before this date, but sickness stepped in just as I was ready for a trip westward-ho, and by my physician's advice I have been once again turned from my purpose, "to see you," and have now after two weeks' sickness taken a trip away up in Lake Champlain, to seek health and strength amongst the mountains and fine clear air of northern New York. Many of your readers have doubtless seen the beautiful waters of this lovely lake, and I know that they will not think lightly of such a delightful reminiscence, and those who have never seen the lake will not think it a trespass, if I say a few words concerning "a trip for health" from the crowded, noisy, hot and filthy streets of New York to Lake Champlain. Well, old friends, "An Old Sub." knew too much to take the "Lightning Express" for Albany if he was going for rest and recreation, so he took the good old fashioned steamboat the "Troy," for Troy, and after procuring an airy a state room as possible, he looked out to see who were the companions of the voyage. Well reader, the good old times when the Albany and Troy boats were crowded every evening with the gay and fashionable, seeking amusement and the country air, are gone by. The wharf looked *deserted* when compared with what it used to be ten years ago. Yes, *deserted* and lonely. The great mass of travel now go by the rail cars. Speed and not comfort is the motto of young traveling America. So the comfortable river boats are left for the *old* fashioned people and for emigrants going westward. The weather had been so unmercifully hot that sleep anywhere was considered dubious, but I made out to get a few uneasy, hot naps and got in the quiet city of Troy at 5 o'clock A. M., yesterday. After "going in" moderately at the Union House, I took the 7 o'clock train for Saratoga, passing through Waterford and Ballston Spa, both villages, especially the first named, having increased in size and business appearance very much indeed since last I passed through them some ten years since. Saratoga Springs has grown beyond my knowledge; I hardly recognized the place it looked so large and nice, and pretty withal. From Saratoga Springs I took the S. and Washington railroad as far as Whitehall, "*The Lake*," 73 miles from Troy, passing through the pretty villages of Fort Edward and Fort Ann, arriving at the "Lake" at 10 o'clock or thereabout. The fine steamer "Canada" was there waiting and took us all on board, and without any delay proceeded slowly up the crooked, winding and narrow lake, or rather river, for it puts me in mind of river St. Clair very much.—It seemed at times as if one could jump on shore from the steamer's wheel-house. And yet, like the St. Clair, it was a delightful river to sail upon; so meandering, so serpentine, and yet so wild and beautiful. After a while the lake gradually widened and soon you approach romantic and revolutionary grounds. Old Fort Ticonderoga is seen, the ancient ruins plainly visible to the eye, and then you come to "Crown Point," and as you turn the jut of land, the old chimnies of the fort are very distinctly to be seen, and seem in a very perfect state, when the time since they were built and the mutations of their history are taken into consideration.

These latter ruins I intend visiting to-morrow and will (if able) give you a more detailed account of them. This place is situated nearly opposite "Crown Point" and is noted for its iron ore beds. That of the Cheever company yields under careful analysis 90 per cent. of pure iron, and as usually worked in the blasting and smelting furnaces, about 75 per cent. pure iron. I rode up to the "hill" and walked around amongst the "pits," saw the steam engine, a beautiful working piece of machinery it is too, hauling up the buckets full of the "ore" from various pits varying from 70 to 150 feet in depth. It is then carted away to the lake shore, dumped down on the company's wharf and then loaded in the Lake Champlain canal boats for market. The ore seems free from stone or quartz or dirt, and you can rub a piece in your hands all into little fine crystals without in the least soiling your hands. The whole charge of these beds; the mining, carting, shipping, paying men, &c., is under the energetic superintendence of Wm. H. Stone, esq., (a nephew of the late Col. Stone of the Commercial Advertiser.)

The company are building an inclined plane railway of some five-eighths of a mile long to carry the ore to the lake, without carting, and the "way" will be done in two weeks. More anon. "AN OLD SUBSCRIBER."

THE WHEAT CROP IN SHEBOYGAN COUNTY.—The Sheboygan Times of Friday, the 28th inst., has cheering accounts of the harvest in that county. It says:

The winter wheat is about all cut—and much of the spring, and promises a most abundant yield. Many fields, it is thought, will yield an average of 30 to 35 bushels to the acre. The town of Scott has three times the amount of grain to harvest that it has ever had before.—Nearly all the other towns have doubled on last year. The winter wheat has been cut in excellent order, but we fear the frequent rains of the last few days will prevent its being securely housed.

REPORTED FRAUDS IN ENGLAND.—The N. Y. Times says: "We hear in Wall street, a rumor communicated through some of the London letters, that a series of frauds in the shape of warehouse receipts, or vouchers for goods represented to be in store, has been successfully practiced upon the commission merchants and bankers of the metropolis, involving altogether about £400,000, or two million of dollars."

WHEAT IN OHIO.—The Columbus Ohio State Journal states that thousands of bushels of new wheat have been offered by the farmers in the county, at $1 per bushel, but the millers decline making contracts at that price.

THE MORTALITY AT LAMAR'S.—We have before mentioned the great mortality at Lamar's stage station, fifteen miles east of this city, on the Chicago road; we have now additional particulars. The dead, in all, are Mrs. Lamar and four children, two servant girls, two stage drivers, the bar keeper and a man employed, until yesterday, making coffins for the deceased. After nine had died in the house, which by the way, is in one of the most beautiful and airy situations in the country, the remaining members of the family, and the friends who had come to their aid, removed to the barn, across the street; where the two last were seized and expired. Mr. Lamar and his only living child have gone to Shullsburgh, and the place is abandoned. Dr. Ladd of Shullsburgh, who died on Thursday morning, was one of the attending physicians; a friend of the family also living at Shullsburgh, is lying at death's door, if he be not also dead; and the four stage drivers who have died in this city, within a few days—two at the Bradley House and two at the City Hotel—were in the habit of taking some of their meals and spending a part of their time at Lamar's house.

This extraordinary mortality is unexampled. We hear that it is accounted for by the condition of the cellar beneath the house. The bottom, it is said, was covered with water in a putrid condition, in which were floating cut pieces of meat, decayed vegetables and other refuse that will gather in such places. Over this mass, the meat consumed by the family was hanging, and through the accumulations upon it, the disease—whatever it may have been—is supposed to have been communicated to the sufferers. It is said that every person who took dinner there on Monday, is now in the grave. Poison is suspected—with what reason, we do not know.

Some local cause operating with deadly virulence has killed *seventeen* out of some twenty-five persons who have been in contact with it. Let this warning take hold of all whose premises contain the seeds of disease.—*Galena Jeff.*

A NEBRASKA "SQUATTER" IN A RAILWAY CAR.—In passing up the Hudson river road last week, the train had stopped for wood and water, and most of the passengers left the cars and were lounging about the platform. Presently the bell rang and the word given, "all on board," when a rush was made for seats. Among those entering was a laboring man, a tough, hardy looking fellow, and finding the seat he had just left occupied by another person, passed on and took the next vacant one he came to. He was scarcely seated before a gentleman came up who had been declaiming on the passage in favor of the Nebraska swindle. He stopped before him and told the hardy fellow that he was occupying his seat and requested him to vacate it. "Upon what ground do you claim?" said the hardy customer very significantly. "I should like to know upon what principle *you* take a gentleman's seat who had left the cars for a moment," replied the gentleman. "Upon what ground?" said the hardy, at the same time bringing his fist down like a piece of live oak, "why upon the principle of squatter sovereignty—being a sovereign I've squatted and claim under Douglas' Nebraska bill." It is needless to say that this proved a Nebraska settler, and the Nebraskite took a back seat the rest of the passage.—*Alb. Jour.*

An earthquake occurred at Panama, on the night of July 10th. About midnight two shocks with barely a seconds interval, shook every house in the city, and so severe were they that there were few people asleep who were not awakened by the movement of their beds. The shock lasted about twenty seconds. Some people were so terrified that they rushed into the streets, expecting momentarily to see their dwellings thrown down. The night was beautifully clear and still and barely a cloud to be seen in the sky. The earthquake was succeeded by lightning and thunder which continued through out the night. This is the only earthquake experienced at Panama since the year 1844. No damage was done.

THE GREYTOWN BOMBARDMENT.—We are glad to see that the press generally is speaking out in reproof of the acts of the commander of the *Cyane* at Greytown, done in pursuance to orders direct from Washington.

SOLON BORLAND, who was among the first to disgrace the U. S. senate with the language and acts appropriate to Lilligsgate, and who aided to inaugurate that period in the existence of the senate, when such acts and language are the rule, and not the exception,—was rewarded for his distinguished merits, by President Pierce, with a mission to the Central American States. We have heard of no other remarkable diplomatic performance of his except his stump speech of two hours in length, at his reception by th government to which he was accredited. Being about to return home after this arduous labor, in order to canvass Arkansas for the fall election, he arrived at Graytown, and was on board the U. S. mail steamer, about to leave for New York.

One Captain Smith, master of a small steamer on the river connecting Greytown with Lake Nicaragua, had, after some difficulty with a native boatman on his passage down, shot him dead. Being pursued by the police of Greytown, Smith sought refuge on board the steamship, and Borland, with rifle in hand, made armed resistance to the coming of the police on board in pursuit. The same evening on going ashore, Borland was arrested, and kept in durance for the night. Released the next morning, he goes on to Washington, and lays the story of his wrongs (!) before the president, and, forthwith, the *Cyane* sloop-of-war is ordered around to Greytown armed with vengance. The poor, miserable mass of shanties is bombarded for hours, and as the walls of the houses are so thin that the balls go through them without doing them much harm, a party is landed and burns the whole town, destoying alike public and private property, included in the latter being a large amount belonging to citizens of the United States,

Gallant commander! glorious "flag of the free!" Magnanimous president! Brave administration!

"Father and mother and I,
And ten good soldiers more,
Beat an old woman stone blind
That couldn't see much before."—Mil. Sen.

The Washington correspondent of the N. Y. Courier and Enquirer says:

The house has now three corruption committees, and another is talked of, to investigate the charge that two and a half millions of the money appropriated by the Texas creditors' bill has been or is to be applied to the purchase of votes for that bill. Mr. Bayly is under indictment. About one quarter of the house are secretly or openly charged with receiving or listening to offers of bribes in connection with the Colt patent bill.

The same writer adds:

More committees of investigation would be raised, but it is feared that there are not honest men enough in the house to try the rascals.

In the sixth congressional district convention of Indiana, the Nebraska democrats having a small majority, the anti-Nebraska democrats seceded and nominated Mr. Joseph Holman, of Wayne, for congress. D. P. Holloway is the whig candidate, and will doubtless be elected.

SAM PATCH THE SECOND.—Last Sunday evening we saw a *live* Irishman, who, on Saturday night, about 10 o'clock, undertook to cross the Mississippi just below the ferry in Capt. Tapper's yawl, when by some hook or crook, the boat became unmanageable. Erin's son soon found that he was in for a trip over the falls, and jumped from the boat, leaving it to its own fate to take care of "No. 1." He then made for the deepest water, turned upon his back, feet foremost and went over the precipice near the west bank. In a short time he found himself against some logs below the mills and climbed upon them. He saw no way to get to the shore so he hallooed a "couple o' times," but hearing no response, laid down and slept till daylight. Two gentlemen with a rope then assisted him ashore.

This is a marvellous escape indeed; probably not one in a thousand could have passed over the same spot and come out alive; but presence of mind is everything in places of danger. He told us his own story as we have given it above, and added—that he had "a pint of *whiskey* in his pocket, but the bottle wasn't broken at all at all; but that he knew nothing about the whiskey till between *daylight and dark* Sunday morning, and so he didn't't." He was a little bruised, but not so much as to disable him in the least, for he drove a team out to Minnetonka on the Sabbath.—*St. Anthony Dem.*

MURDEROUS JEALOUSY OF A DIVORCED HUSBAND.—On Saturday night last, a man by the name of Stoddard, living in the upper end of the city, murdered the woman with whom he had been living, and who had formerly been his wife, under the following circumstances:

She was dressing to attend a ball or show that evening, to which she was invited by another man. Stoddard although divorced, was staying with her at the time, and hearing of it got an axe, went to her room, and asked her if what he heard was true. She replied that it was. He then asked her if she still intended to go. She answered that she did. He immediately struck her with the axe across the chin, inflicting a horrid gash, and then followed up the blow by another which completely severed her windpipe and jugular vein. She expired in a few minutes and the murderer fled toward the river, pursued by a crowd, but was not caught. Some say he ran into the river and was drowned, while others assert that he was seen on the Island on Sunday morning about 5 o'clock. His bloody axe was found on the bank of the river close to the water's edge. The probability is that he has escaped. A reward of $500,00 is offered by the mayor for his apprehension.—*Rock Island (Ill.) Advertiser.*

KANSAS LAND DISTRICT.—The land office was opened at Kaskaskia a few days since. Entries to the amount of $40,000 were made in one day. The claimants for lands on the Central railroad were numerous; they were put up at auction and sold as $5 80 an acre.

SERVED HIM RIGHT.—Morrisey, the boasting bully, recently had a rough and tumble fight with another of his sort on one of the docks in New York city, and got beaten and mauled so that his mother wouldn't know him. It is a pity that both of them had not rolled off into the East river.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing;
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show;
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap at any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciataca,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,
568 Broadway, New York.

New England Mutual Life Ins.,

Of Boston, Mass., Chartered in 1843,

Capital and accumulation, $650,000.

THIS Company is one of the oldest, and among the most prudently and successfully conducted in the country. The primary object in conducting its business has been to provide perfect security under all conceivable circumstances, for the payment of its losses under its policies, and to return to the insured the surplus at stated periods, and strict economy is observed.

Every insured person is a member of the company and shares in the profits of the business, and is subject to no liability or assessments beyond his premium.

The directors are required to be pecuniarily interested in the company, and they give it their personal attention; and bonds of sufficient security are given by its officers for the faithful performance of their duties.

Insurance may be effected for the benefit of the wife, which is secured to her by law beyond the reach of a husband's creditors; and creditors may insure the lives of debtors.

Highly Important to Farmers.

THE ONLY EXCLUSIVE FARMERS' INSURANCE COMPANY IN THE WEST,

THE MADISON MUTUAL,

LOCATED AT MADISON, WISCONSIN.

THIS Company continues to take risks upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible companies.

All losses promptly paid at the office as soon as proof is made thereon.

We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses only your own of the same class, and all will be on an equal footing.

Experience has shown that two-thirds, if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops and such like property. In this company all such property is rejected positively, by letting them alone.

Farmers, look to your own interest, and insure in a Farmers' Company.

We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last *fourteen months we have not had a single dollar loss*, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.

SUDDEN DEATH.—Mr. Garrison, who was well known to many in our midst, as the landlord of the City Hotel some years ago, and formerly of the Sherman House, Chicago, was found dead on Main street yesterday morning, about 7½ A. M. He had been indisposed for some days, and had received every attention from his friends and the members of the fraternity to which he belonged, but had ventured out of doors contrary to the advice of his physician. He leaves a wife and six children in Detroit.—*Wisconsin.*

COTTON SEED OIL.—Mr. Shepard of Galveston, Texas, has produced oil by compressure from cotton. One hundred pounds of seed yield from twelve to fifteen pounds of oil, which, when properly clarified, is equal to sweet oil for machinery, and is superior to ordinary lamp oil, while it can be sold at one-half or one-third the cost of either. The cake is valuable for feeding hogs and other farmer's stock; and thus is brought into use an article hitherto considered worthless.

AGAIN & AGAIN

THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39 007 00 Worth of Goods

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10,000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—
Eved French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,
And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are

"Heaven's last, best gift to man,"

the Nonpareils of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.
In the

CROCKERY

Line may be found the
BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"Often seen corruption boil and bubble till It o'errun the stew,"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"Stand like forfeits in a Barber shop, More in mock than mark."

A. W. WHEELOCK.

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c.—also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhoea. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.
Respectfully,

NEW GOODS!

$15,000 Worth of

BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store.

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **Every Farmer in Rock County** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of [illegible] also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kinds of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

JANESVILLE : : : : WISCONSIN.

WEDNESDAY MORNING, AUG. 2, 1854.

☞ The telegraph is again in working order, and we hope to resume our regular reports to-morrow We received a portion of a report yesterday, but it was too disconnected for publication. The arrival of the Canada brings news of a further decline in breadstuffs. No decisive news from the continent.

This, with much more "of the same sort," from an ardent anti-slavery and Maine law pen, fails to convince us that any other organization, designed to "crush out" political evil, can be made as efficient as that which connects us with the whig party. To its principles and action EDUCATION and IMPROVEMENT are indebted. Its sentiments and sympathies are with and for PROGRESS and FREEDOM. Its influence is seen and felt in the promotion of all salutary measures—all wholesome reforms. With this experience of the working, and these convictions of the usefulness, of the whig party, we are not likely to change either our party relations or political creed.

The Albany Journal appends the above remarks to a paragraph from a correspondent, suggesting the propriety of the Journal's going into the people's movement and declaring in favor of the dissolution of parties. We have no feelings but those of respect for such sentiments, nor have we a word of reproach for those who in this state may conscientiously refuse to co-operate with the republican party. Yet we believe there are very few of that class, and the same reasoning that would be conclusive in the state of New York, might not apply to Wisconsin. "Circumstances alter cases." In New York the whig party is strong, and on the Nebraska question it is right. In Wisconsin it is right, but not so very strong. This question and its correlative questions overshadow all others in importance. There is a strong feeling upon the subject among all parties; no inconsiderable number of the democratic party in this state are opposed to the Nebraska law; in fact we hazard nothing in saying that a large majority of them are, but party ties are strong with them and party prejudices stronger. They would no sooner support a purely whig nomination than whigs would support a democratic nomination, certainly a hard alternative. Should such nominations be made and adhered to, the great question, infinitely paramount to that of party success, would be decided so far as Wisconsin is concerned, in the wrong way, contrary to the wishes of three fourths of the people. Is there any party principle sacrificed by a union of all the elements of opposition for the specific purpose of deciding this question? We believe not; and so thinking, we should deeply regret the intervention of anything to defeat this purpose.

CAUTION TO DOGS.—Mysterious bits of meat were to be seen in the streets yesterday, and it is hinted that it would be better for dogs "to touch not, taste not, handle not." We give them the benefit of this notice, that they may exercise all due caution.

☞ Ours and our readers' much valued friend, "an old subscriber," has broken away from the business cares of the city and has retreated to the cooler retreats of northern New York in search of health, from which he dates one of his pleasantly conceived letters, to be found in our columns to-day.

MATTER FOR REFLECTION.—Will our abolition friends "take a note" of the following bill of costs which the Daily Mail furnishes us. Many such expensive fugitives and we are satisfied.—*Young America.*

"Among other bills that have been rendered to the United States marshal for services rendered in the case of Burns—are $9,000; one by the city of Boston for extra policemen, amounting to $7,00; H. D. Parker's bill amounting to $1,000; and the steam tug John Taylor, $120. These are but a small number."

"Our abolition friends" had previously made a note of such facts, and have been troubled to know why the "property" of the south should be reclaimed at the expense of the general government when the "property" of the north finds no such aid. If a northern man loses a horse, he recovers it at his own expense, and we see no reason why the southern slave-holder should not recover his "property" on the same terms.

JANESVILLE, July 30th, 1854.

MESSRS. EDITORS:—

Having been informed that my position and feelings in reference to the case tried before Esq. Bates, have by some been misunderstood, I will state that when asked by Mr. Noggle how I felt "after having all the evidence and taking all the circumstances into consideration." My reply was, that I felt better *satisfied* than I did before the the trial. The idea that I wished to convey was, that having brought the facts of the case before the court and the public, I was better satisfied than before,—not that I thought the person on triral guilty of no wrong, but that the facts in the case were before the court and people, and it was for them to judge as to the guilt or innocence of the party.

The idea that I wished my council to convey in reference to my feelings was that I have no vindictive or revengeful feelings towards the person alluded to. T. W. HALL.

THE WARD JURYMEN.—We have been permitted to make an extract from a letter dated Elizabethtown, July 11th:

This week has been the chancery term of our court. The grand jury have found a true bill for perjury against four of the Ward jurymen, and they are held to bail in $1,000 each to appear at the next circuit court. They have got several others, it is said, but they could not get the sheriff to bring up the witnesses. This may lead to the discovery of the whole affair.—*Danville Tribune.*

PORT HENRY, ESSEX CO., NEW YORK. }
Wednesday Eve., July 26, 1854. }

MESSRS. EDITORS:—It is a long time since "An Old Subscriber" had the time to address a few lines to the readers of the Gazette. I was in strong hopes of seeing you face to face long before this date, but sickness stepped in just as I was ready for a trip westward-ho, and by my physician's advice I have been once again turned from my purpose, "to see you," and have now after two weeks' sickness taken a trip away up in Lake Champlain, to seek health and strength amongst the mountains and fine clear air of northern New York. Many of your readers have doubtless seen the beautiful waters of this lovely lake, and I know that they will not think lightly of such a delightful reminiscence, and those who have never seen the lake will not think it a trespass, if I say a few words concerning "a trip for health" from the crowded, noisy, hot and filthy streets of New York to Lake Champlain. Well, old friends, "An Old Sub." knew too much to take the "Lightning Express" for Albany if he was going for rest and recreation, so he took the good old fashioned steamboat the "Troy," for Troy, and after procuring an airy a state room as possible, he looked out to see who were the companions of the voyage. Well reader, the good old times when the Albany and Troy boats were crowded every evening with the gay and fashionable, seeking amusement and the country air, are gone by. The wharf looked *deserted* when compared with what it used to be ten years ago. Yes, *deserted* and lonely. The great mass of travel now go by the rail cars. Speed and not comfort is the motto of young traveling America. So the comfortable river boats are left for the *old* fashioned people and for emigrants going westward. The weather had been so unmercifully hot that sleep anywhere was considered dubious, but I made out to get a few uneasy, hot naps and got in the quiet city of Troy at 5 o'clock A. M., yesterday. After "going in" moderately at the Union House, I took the 7 o'clock train for Saratoga, passing through Waterford and Ballston Spa, both villages, especially the first named, having increased in size and business appearance very much indeed since last I passed through them some ten years since. Saratoga Springs has grown beyond my knowledge; I hardly recognized the place it looked so large and nice, and pretty withal. From Saratoga Springs I took the S. and Washington railroad as far as Whitehall, "*The Lake*," 73 miles from Troy, passing through the pretty villages of Fort Edward and Fort Ann, arriving at the "Lake" at 10 o'clock or thereabout. The fine steamer "Canada" was there waiting and took us all on board, and without any delay proceeded slowly up the crooked, winding and narrow lake, or rather river, for it puts me in mind of river St. Clair very much.—It seemed at times as if one could jump on shore from the steamer's wheel-house. And yet, like the St. Clair, it was a delightful river to sail upon; so meandering, so serpentine, and yet so wild and beautiful. After a while the lake gradually widened and soon you approach romantic and revolutionary grounds. Old Fort Ticonderoga is seen, the ancient ruins plainly visible to the eye, and then you come to "Crown Point," and as you turn the jut of land, the old chimnies of the fort are very distinctly to be seen, and seem in a very perfect state, when the time since they were built and the mutations of their history are taken into consideration.

These latter ruins I intend visiting to-morrow and will (if able) give you a more detailed account of them. This place is situated nearly opposite "Crown Point" and is noted for its iron ore beds. That of the Cheever company yields under careful analysis 90 per cent. of pure iron, and as usually worked in the blasting and smelting furnaces, about 75 per cent. pure iron. I rode up to the "hill" and walked around amongst the "pits," saw the steam engine, a beautiful working piece of machinery it is too, hauling up the buckets full of the "ore" from various pits varying from 70 to 150 feet in depth. It is then carted away to the lake shore, dumped down on the company's wharf and then loaded in the Lake Champlain canal boats for market. The ore seems free from stone or quartz or dirt, and you can rub a piece in your hands all into little fine crystals without in the least soiling your hands. The whole charge of these beds; the mining, carting, shipping, paying men, &c., is under the energetic superintendence of Wm. H. Stone, esq., (a nephew of the late Col. Stone of the Commercial Advertiser.)

The company are building an inclined plane railway of some five-eighths of a mile long to carry the ore to the lake, without carting, and the "way" will be done in two weeks. More anon. "AN OLD SUBSCRIBER."

THE WHEAT CROP IN SHEBOYGAN COUNTY.—The Sheboygan Times of Friday, the 28th inst., has cheering accounts of the harvest in that county. It says:

The winter wheat is about all cut—and much of the spring, and promises a most abundant yield. Many fields, it is thought, will yield an average of 30 to 35 bushels to the acre. The town of Scott has three times the amount of grain to harvest that it has ever had before.—Nearly all the other towns have doubled on last year. The winter wheat has been cut in excellent order, but we fear the frequent rains of the last few days will prevent its being securely housed.

REPORTED FRAUDS IN ENGLAND.—The N. Y. Times says: "We hear in Wall street, a rumor communicated through some of the London letters, that a series of frauds in the shape of warehouse receipts, or vouchers for goods represented to be in store, has been successfully practiced upon the commission merchants and bankers of the metropolis, involving altogether about £400,000, or two million of dollars."

WHEAT IN OHIO.—The Columbus Ohio State Journal states that thousands of bushels of new wheat have been offered by the farmers in the county, at $1 per bushel, but the millers decline making contracts at that price.

THE MORTALITY AT LAMAR'S.—We have before mentioned the great mortality at Lamar's stage station, fifteen miles east of this city, on the Chicago road; we have now additional particulars. The dead, in all, are Mrs. Lamar and four children, two servant girls, two stage divers, the bar keeper and a man employed, until yesterday, making coffins for the deceased. After nine had died in the house, which by the way, is in one of the most beautiful and airy situations in the country, the remaining members of the family, and the friends who had come to their aid, removed to the barn, across the street; where the two last were seized and expired. Mr. Lamar and his only living child have gone to Shullsburgh, and the place is abandoned. Dr. Ladd of Shullsburgh, who died on Thursday morning, was one of the attending physicians; a friend of the family also living at Shullsburgh, is lying at death's door, if he be not also dead; and the four stage drivers who have died in this city, within a few days—two at the Bradley House and two at the City Hotel—were in the habit of taking some of heir meals and spending a part of their time at Lamar's house.

This extraordinary mortality is unexampled. We hear that it is accounted for by the condition of the cellar beneath the house. The bottom, it is said, was covered with water in a putrid condition, in which were floating cut pieces of meat, decayed vegetables and other refuse that will gather in such places. Over this mass, the meat consumed by the family was hanging, and through the accumulations upon it, the disease—whatever it may have been—is supposed to have been communicated to the sufferers. It is said that every person who took dinner there on Monday, is now in the grave. Poison is suspected—with what reason, we do not know.

Some local cause operating with deadly virulence has killed *seventeen* out of some twenty-five persons who have been in contact with it. Let this warning take hold of all whose premises contain the seeds of disease.—*Galena Jeff.*

A NEBRASKA "SQUATTER" IN A RAILWAY CAR.—In passing up the Hudson river road last week, the train had stopped for wood and water, and most of the passengers left the cars and were lounging about the platform. Presently the bell rang and the word given, "all on board," when a rush was made for seats. Among those entering was a laboring man, a tough, hardy looking fellow, and finding the seat he had just left occupied by another person, passed on and took the next vacant one he came to. He was scarcely seated before a gentleman came up who had been declaiming on the passage in favor of the Nebraska swindle. He stopped before him and told the hardy fellow that he was occupying his seat and requested him to vacate it. "Upon what ground do you claim?" said the hardy customer very significantly. "I should like to know upon what principle *you* take a gentleman's seat who had left the cars for a moment," replied the gentleman. "Upon what ground?" said the hardy, at the same time bringing his fist down like a piece of live oak, "why upon the principle of squatter sovereignty—being a sovereign I've squatted and claim under Douglas' Nebraska bill." It is needless to say that this proved a Nebraska settler, and the Nebraskite took a back seat the rest of the passage.—*Alb. Jour.*

An earthquake occurred at Panama, on the night of July 10th. About midnight two shocks with barely a seconds interval, shook every house in the city, and so severe were they that there were few people asleep who were not awakened by the movement of their beds. The shock lasted about twenty seconds. Some people were so terrified that they rushed into the streets, expecting momentarily to see their dwellings thrown down. The night was beautifully clear and still and barely a cloud to be seen in the sky. The earthquake was succeeded by lightning and thunder which continued throughout the night. This is the only earthquake experienced at Panama since the year 1841. No damage was done.

THE GREYTOWN BOMBARDMENT.—We are glad to see that the press generally is speaking out in reproof of the acts of the commander of of the *Cyane* at Greytown, done in pursuance to orders direct from Washington.

SOLON BORLAND, who was among the first to disgrace the U. S. senate with the language and acts appropriate to Lilligsgate, and who aided to inaugurate that period in the existence of the senate, when such acts and language are the rule, and not the exception,—was rewarded for his distinguished merits, by President Pierce, with a mission to the Central American States. We have heard of no other remarkable diplomatic performance of his except his stump speech of two hours in length, at his reception by th government to which he was accredited. Being about to return home after this arduous labor, in order to canvass Arkansas for the fall election, he arrived at Greytown, and was on board the U. S. mail steamer, about to leave for New York.

One Captain Smith, master of a small steamer on the river connecting Greytown with Lake Nicaragua, had, after some difficulty with a native boatman on his passage down, shot him dead. Being pursued by the police of Greytown, Smith sought refuge on board the steamship, and Borland, with rifle in hand, made armed resistance to the coming of the police on board in pursuit. The same evening on going ashore, Borland was arrested, and kept in durance for the night. Released the next morning, he goes on to Washington, and lays the story of his wrongs (!) before the president, and, forthwith, the *Cyane* sloop-of-war is ordered around to Greytown armed with vengance. The poor, miserable mass of shanties is bombarded for hours, and as the walls of the houses are so thin that the balls go through them without doing them much harm, a party is landed and burns the whole town, destoying alike public and private property, included in the latter being a large amount belonging to citizens of the United States.

Gallant commander! glorious "flag of the free!" Magnanimous president! Brave administration!

"Father and mother and I,
And ten good soldiers more,
Beat an old woman stone blind
That couldn't see much before."—Mil. Sen.

The Washington correspondent of the N. Y. Courier and Enquirer says:

The house has now three corruption committees, and another is talked of, to investigate the charge that two and a half millions of the money appropriated by the Texas creditors' bill has been or is to be applied to the purchase of votes for that bill. Mr. Bayly is under indictment. About one quarter of the house are secretly or openly charged with receiving or listening to offers of bribes in connection with the Colt patent bill.

The same writer adds:

More committees of investigation would be raised, but it is feared that there are not honest men enough in the house to try the rascals.

In the sixth congressional district convention of Indiana, the Nebraska democrats having a small majoirty, the anti-Nebraska democrats seceded and nominated Mr. Joseph Holman, of Wayne, for congress. D. P. Holloway is the whig candidate, and will doubtless be elected.

SAM PATCH THE SECOND.—Last Sunday evening we saw a *live* Irishman, who, on Saturday night, about 10 o'clock, undertook to cross the Mississippi just below the ferry in Capt. Tapper's yawl, when by some hook or crook, the boat became unmanageable. Erin's son soon found that he was in for a trip over the falls, and jumped from the boat, leaving it to its own fate to take care of "No. 1." He then made for the deepest water, turned upon his back, feet foremost and went over the precipice near the west bank. In a short time he found himself against some logs below the mills and climbed upon them. He saw no way to get to the shore so he hallooed a "couple o' times," but hearing no response, laid down and slept till daylight. Two gentlemen with a rope then assisted him ashore.

This is a marvellous escape indeed; probably not one in a thousand could have passed over the same spot and come out alive; but presence of mind is everything in places of danger. He told us his own story as we have given it above, and added—that he had "a pint of *whiskey* in his pocket, but the bottle wasn't broken at all at all; but that he knew nothing about the whiskey till between *daylight and dark* Sunday morning, and so he didn't." He was a little bruised, but not so much as to disable him in the least, for he drove a team out to Minnetonka on the Sabbath.—*St. Anthony Dem.*

MURDEROUS JEALOUSY OF A DIVORCED HUSBAND.—On Saturday night last, a man by the name of Stoddard, living in the upper end of the city, murdered the woman with whom he had been living, and who had formerly been his wife, under the following circumstances:

She was dressing to attend a ball or show that evening, to which she was invited by another man. Stoddard although divorced, was staying with her at the time, and hearing of it got an axe, went to her room, and asked her if what he heard was true. She replied that it was. He then asked her if she still intended to go. She answered that she did. He immediately struck her with the axe across the chin, inflicting a horrid gash, and then followed up the blow by another which completely severed her windpipe and jugular vein. She expired in a few minutes and the murderer fled toward the river, pursued by a crowd, but was not caught. Some say he ran into the river and was drowned, while others assert that he was seen on the Island on Sunday morning about 5 o'clock. His bloody axe was found on the bank of the river close to the water's edge. The probability is that he has escaped. A reward of $500,00 is offered by the mayor for his apprehension.—*Rock Island (Ill.) Advertiser.*

KANSAS LAND DISTRICT.—The land office was opened at Kaskaskia a few days since. Entries to the amount of $10,000 were made in one day. The claimants for lands on the Central railroad were numerous; they were put up at auction and sold as $5 80 an acre.

SERVED HIM RIGHT.—Morrisey, the boasting bully, recently had a rough and tumble fight with another of his sort on one of the docks in New York city, and got beaten and mauled so that his mother wouldn't know him. It is a pity that both of them had not rolled off into the East river.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

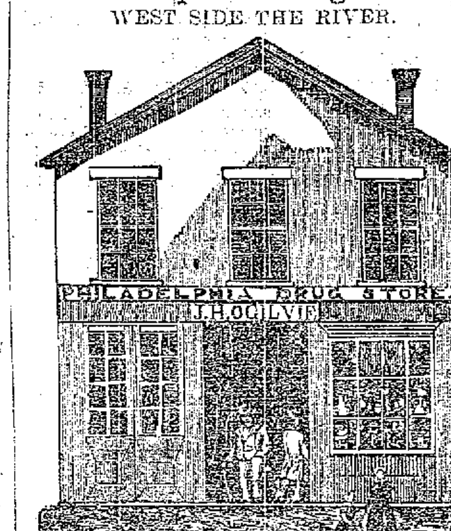

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap a any price we do not deal in: but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciatica,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,
568 Broadway, New York.

CHEWING GUM.—50 Boxes at wholesale. [jy10] HOLDEN, KEMP & CO.

The Daily Gazette.

JANESVILLE : : : : WISCONSIN.

WEDNESDAY MORNING, AUG. 2, 1854.

☞ The telegraph is again in working order, and we hope to resume our regular reports to-morrow We received a portion of a report yesterday, but it was too disconnected for publication. The arrival of the Canada brings news of a further decline in breadstuffs. No decisive news from the continent.

This, with much more "of the same sort," from an ardent anti-slavery and Maine law pen, fails to convince us that any other organization, designed to "crush out" political evil, can be made as efficient as that which connects us with the whig party. To its principles and action EDUCATION and IMPROVEMENT are indebted. Its sentiments and sympathies are with and for PROGRESS and FREEDOM. Its influence is seen and felt in the promotion of all salutary measures—all wholesome reforms. With this experience of the working, and these convictions of the usefulness, of the whig party, we are not likely to change either our party relations or political creed.

The Albany Journal appends the above remarks to a paragraph from a correspondent, suggesting the propriety of the Journal's going into the people's movement and declaring in favor of the dissolution of parties. We have no feelings but those of respect for such sentiments, nor have we a word of reproach for those who in this state may conscientiously refuse to co-operate with the republican party. Yet we believe there are very few of that class, and the same reasoning that would be conclusive in the state of New York, might not apply to Wisconsin. "Circumstances alter cases." In New York the whig party is strong, and on the Nebraska question it is right. In Wisconsin it is right, but not so very strong. This question and its correlative questions overshadow all others in importance. There is a strong feeling upon the subject among all parties; no inconsiderable number of the democratic party in this state are opposed to the Nebraska law; in fact we hazard nothing in saying that a large majority of them are, but party ties are strong with them and party prejudices stronger. They would no sooner support a purely whig nomination than whigs would support a democratic nomination, certainly a hard alternative. Should such nominations be made and adhered to, the great question, infinitely paramount to that of party success, would be decided so far as Wisconsin is concerned, in the wrong way, contrary to the wishes of three fourths of the people. Is there any party principle sacrificed by a union of all the elements of opposition for the specific purpose of deciding this question? We believe not; and so thinking, we should deeply regret the intervention of anything to defeat this purpose.

CAUTION TO DOGS.—Mysterious bits of meat were to be seen in the streets yesterday, and it is hinted that it would be better for dogs "to touch not, taste not, handle not." We give them the benefit of this notice, that they may exercise all due caution.

☞ Ours and our readers' much valued friend, "an old subscriber," has broken away from the business cares of the city and has retreated to the cooler retreats of northern New York in search of health, from which he dates one of his pleasantly conceived letters, to be found in our columns to-day.

MATTER FOR REFLECTION.—Will our abolition friends "take a note" of the following bill of costs which the Daily Mail furnishes us. Many such expensive fugitives and we are satisfied.—*Young America.*

"Among other bills that have been rendered to the United States marshal for services rendered in the case of Burns—are $9,000; one by the city of Boston for extra policemen, amounting to $7,00; H. D. Parker's bill amounting to $1,000; and the steam tug John Taylor, $120. These are but a small number."

"Our abolition friends" had previously made a note of such facts, and have been troubled to know why the "property" of the south should be reclaimed at the expense of the general government when the "property" of the north finds no such aid. If a northern man loses a horse, he recovers it at his own expense, and we see no reason why the southern slave-holder should not recover his "property" on the same terms.

JANESVILLE, July 30th, 1854.

MESSRS. EDITORS:—

Having been informed that my position and feelings in reference to the case tried before Esq. Bates, have by some been misunderstood, I will state that when asked by Mr. Noggle how I felt "after having all the evidence and taking all the circumstances into consideration." My reply was, that I felt better *satisfied* than I did before the the trial. The idea that I wished to convey was, that having brought the facts of the case before the court and the public, I was better satisfied than before,—not that I thought the person on triral guilty of no wrong, but that the facts in the case were before the court and people, and it was for them to judge as to the guilt or innocence of the party.

The idea that I wished my council to convey in reference to my feelings was that I have no vindictive or revengeful feelings towards the person alluded to. T. W. HALL.

THE WARD JURYMEN.—We have been permitted to make an extract from a letter dated Elizabethtown, July 11th:

This week has been the chancery term of our court. The grand jury have found a true bill for perjury against four of the Ward jurymen, and they are held to bail in $1,000 each to appear at the next circuit court. They have got several others, it is said, but they could not get the sheriff to bring up the witnesses. This may lead to the discovery of the whole affair.—*Danville Tribune.*

[Correspondence of the Janesville Gazette.]

PORT HENRY, ESSEX CO., NEW YORK. }
Wednesday Eve., July 26, 1854. }

MESSRS. EDITORS:—It is a long time since "An Old Subscriber" had the time to address a few lines to the readers of the Gazette. I was in strong hopes of seeing you face to face long before this date, but sickness stepped in just as I was ready for a trip westward-ho, and by my physician's advice I have been once again turned from my purpose, "to see you," and have now after two weeks' sickness taken a trip away up in Lake Champlain, to seek health and strength amongst the mountains and fine clear air of northern New York. Many of your readers have doubtless seen the beautiful waters of this lovely lake, and I know that they will not think lightly of such a delightful reminiscence, and those who have never seen the lake will not think it a trespass, if I say a few words concerning "a trip for health" from the crowded, noisy, hot and filthy streets of New York to Lake Champlain. Well, old friends, "An Old Sub." knew too much to take the "Lightning Express" for Albany if he was going for rest and recreation, so he took the good old fashioned steamboat the "Troy," for Troy, and after procuring an airy a state room as possible, he looked out to see who were the companions of the voyage. Well reader, the good old times when the Albany and Troy boats were crowded every evening with the gay and fashionable, seeking amusement and the country air, are gone by. The wharf looked *deserted* when compared with what it used to be ten years ago. Yes, *deserted* and lonely. The great mass of travel now go by the rail cars. Speed and not comfort is the motto of young traveling America. So the comfortable river boats are left for the *old* fashioned people and for emigrants going westward. The weather had been so unmercifully hot that sleep anywhere was considered dubious, but I made out to get a few uneasy, hot naps and got in the quiet city of Troy at 5 o'clock A. M., yesterday. After "going in" moderately at the Union House, I took the 7 o'clock train for Saratoga, passing through Waterford and Ballston Spa, both villages, especially the first named, having increased in size and business appearance very much indeed since last I passed through them some ten years since. Saratoga Springs has grown beyond my knowledge; I hardly recognized the place it looked so large and nice, and pretty withal. From Saratoga Springs I took the S. and Washington railroad as far as Whitehall, "*The Lake*," 73 miles from Troy, passing through the pretty villages of Fort Edward and Fort Ann, arriving at the "Lake" at 10 o'clock or thereabout. The fine steamer "Canada" was there waiting and took us all on board, and without any delay proceeded slowly up the crooked, winding and narrow lake, or rather river, for it puts me in mind of river St. Clair very much.—It seemed at times as if one could jump on shore from the steamer's wheel-house. And yet, like the St. Clair, it was a delightful river to sail upon; so meandering, so serpentine, and yet so wild and beautiful. After a while the lake gradually widened and soon you approach romantic and revolutionary grounds. Old Fort Ticonderoga is seen, the ancient ruins plainly visible to the eye, and then you come to "Crown Point," and as you turn the jut of land, the old chimnies of the fort are very distinctly to be seen, and seem in a very perfect state, when the time since they were built and the mutations of their history are taken into consideration.

These latter ruins I intend visiting to-morrow and will (if able) give you a more detailed account of them. This place is situated nearly opposite "Crown Point" and is noted for its iron ore beds. That of the Cheever company yields under careful analysis 90 per cent. of pure iron, and as usually worked in the blasting and smelting furnaces, about 75 per cent. pure iron. I rode up to the "hill" and walked around amongst the "pits," saw the steam engine, a beautiful working piece of machinery it is too, hauling up the buckets full of the "ore" from various pits varying from 70 to 150 feet in depth. It is then carted away to the lake shore, dumped down on the company's wharf and then loaded in the Lake Champlain canal boats for market. The ore seems free from stone or quartz or dirt, and you can rub a piece in your hands all into little fine crystals without in the least soiling your hands. The whole charge of these beds; the mining, carting, shipping, paying men, &c., is under the energetic superintendence of Wm. H. Stone, esq., (a nephew of the late Col. Stone of the Commercial Advertiser.)

The company are building an inclined plane railway of some five-eighths of a mile long to carry the ore to the lake, without carting, and the "way" will be done in two weeks. More anon. "AN OLD SUBSCRIBER."

THE WHEAT CROP IN SHEBOYGAN COUNTY.—The Sheboygan Times of Friday, the 28th inst., has cheering accounts of the harvest in that county. It says:

The winter wheat is about all cut—and much of the spring, and promises a most abundant yield. Many fields, it is thought, will yield an average of 30 to 35 bushels to the acre. The town of Scott has three times the amount of grain to harvest that it has ever had before.—Nearly all the other towns have doubled on last year. The winter wheat has been cut in excellent order, but we fear the frequent rains of the last few days will prevent its being securely housed.

REPORTED FRAUDS IN ENGLAND.—The N. Y. Times says: "We hear in Wall street, a rumor communicated through some of the London letters, that a series of frauds in the shape of warehouse receipts, or vouchers for goods represented to be in store, has been successfully practiced upon the commission merchants and bankers of the metropolis, involving altogether about £400,000, or two million of dollars."

WHEAT IN OHIO.—The Columbus Ohio State Journal states that thousands of bushels of new wheat have been offered by the farmers in the county, at $1 per bushel, but the millers decline making contracts at that price.

THE MORTALITY AT LAMAR'S.—We have before mentioned the great mortality at Lamar's stage station, fifteen miles east of this city, on the Chicago road; we have now additional particulars. The dead, in all, are Mrs. Lamar and four children, two servant girls, two stage divers, the bar keeper and a man employed, until yesterday, making coffins for the deceased. After nine had died in the house, which by the way, is in one of the most beautiful and airy situations in the country, the remaining members of the family, and the friends who had come to their aid, removed to the barn, across the street; where the two last were seized and expired. Mr. Lamar and his only living child have gone to Shullsburgh, and the place is abandoned. Dr. Ladd of Shullsburgh, who died on Thursday morning, was one of the attending physicians; a friend of the family also living at Shullsburgh, is lying at death's door, if he be not also dead; and the four stage drivers who have died in this city, within a few days—two at the Bradley House and two at the City Hotel—were in the habit of taking some of heir meals and spending a part of their time at Lamar's house.

This extraordinary mortality is unexampled. We hear that it is accounted for by the condition of the cellar beneath the house. The bottom, it is said, was covered with water in a putrid condition, in which were floating cut pieces of meat, decayed vegetables and other refuse that will gather in such places. Over this mass, the meat consumed by the family was hanging, and through the accumulations upon it, the disease—whatever it may have been—is supposed to have been communicated to the sufferers. It is said that every person who took dinner there on Monday, is now in the grave. Poison is suspected—with what reason, we do not know.

Some local cause operating with deadly virulence has killed *seventeen* out of some twenty-five persons who have been in contact with it. Let this warning take hold of all whose premises contain the seeds of disease.—*Galena Jeff.*

A NEBRASKA "SQUATTER" IN A RAILWAY CAR.—In passing up the Hudson river road last week, the train had stopped for wood and water, and most of the passengers left the cars and were lounging about the platform. Presently the bell rang and the word given, "all on board," when a rush was made for seats. Among those entering was a laboring man, a tough, hardy looking fellow, and finding the seat he had just left occupied by another person, passed on and took the next vacant one he came to. He was scarcely seated before a gentleman came up who had been declaiming on the passage in favor of the Nebraska swindle. He stopped before him and told the hardy fellow that he was occupying his seat and requested him to vacate it. "Upon what ground do you claim?" said the hardy customer very significantly. "I should like to know upon what principle *you* take a gentleman's seat who had left the cars for a moment," replied the gentleman. "Upon what ground?" said the hardy, at the same time bringing his fist down like a piece of live oak, "why upon the principle of squatter sovereignty—being a sovereign I've squatted and claim under Douglas' Nebraska bill." It is needless to say that this proved a Nebraska settler, and the Nebraskite took a back seat the rest of the passage.—*Alb. Jour.*

An earthquake occurred at Panama, on the night of July 10th. About midnight two shocks with barely a seconds interval, shook every house in the city, and so severe were they that there were few people asleep who were not awakened by the movement of their beds. The shock lasted about twenty seconds. Some people were so terrified that they rushed into the streets, expecting momentarily to see their dwellings thrown down. The night was beautifully clear and still and barely a cloud to be seen in the sky. The earthquake was succeeded by lightning and thunder which continued throughout the night. This is the only earthquake experienced at Panama since the year 1841. No damage was done.

THE GREYTOWN BOMBARDMENT.—We are glad to see that the press generally is speaking out in reproof of the acts of the commander of of the *Cyane* at Greytown, done in pursuance to orders direct from Washington.

SOLON BORLAND, who was among the first to disgrace the U. S. senate with the language and acts appropriate to Lilligsgate, and who aided to inaugurate that period in the existence of the senate, when such acts and language are the rule, and not the exception,—was rewarded for his distinguished merits, by President Pierce, with a mission to the Central American States. We have heard of no other remarkable diplomatic performance of his except his stump speech of two hours in length, at his reception by th government to which he was accredited. Being about to return home after this arduous labor, in order to canvass Arkansas for the fall election, he arrived at Greytown, and was on board the U. S. mail steamer, about to leave for New York.

One Captain Smith, master of a small steamer on the river connecting Greytown with Lake Nicaragua, had, after some difficulty with a native boatman on his passage down, shot him dead. Being pursued by the police of Greytown, Smith sought refuge on board the steamship, and Borland, with rifle in hand, made armed resistance to the coming of the police on board in pursuit. The same evening on going ashore, Borland was arrested, and kept in durance for the night. Released the next morning, he goes on to Washington, and lays the story of his wrongs (!) before the president, and, forthwith, the *Cyane* sloop-of-war is ordered around to Greytown armed with vengance. The poor, miserable mass of shanties is bombarded for hours, and as the walls of the houses are so thin that the balls go through them without doing them much harm, a party is landed and burns the whole town, destoying alike public and private property, included in the latter being a large amount belonging to citizens of the United States.

Gallant commander! glorious "flag of the free!" Magnanimous president! Brave administration!

"Father and mother and I,
And ten good soldiers more,
Beat an old woman stone blind
That couldn't see much before."—Mil. Sen.

The Washington correspondent of the N. Y. Courier and Enquirer says:

The house has now three corruption committees, and another is talked of, to investigate the charge that two and a half millions of the money appropriated by the Texas creditors' bill has been or is to be applied to the purchase of votes for that bill. Mr. Bayly is under indictment. About one quarter of the house are secretly or openly charged with receiving or listening to offers of bribes in connection with the Colt patent bill.

The same writer adds:

More committees of investigation would be raised, but it is feared that there are not honest men enough in the house to try the rascals.

In the sixth congressional district convention of Indiana, the Nebraska democrats having a small majoirty, the anti-Nebraska democrats seceded and nominated Mr. Joseph Holman, of Wayne, for congress. D. P. Holloway is the whig candidate, and will doubtless be elected.

SAM PATCH THE SECOND.—Last Sunday evening we saw a *live* Irishman, who, on Saturday night, about 10 o'clock, undertook to cross the Mississippi just below the ferry in Capt. Tapper's yawl, when by some hook or crook, the boat became unmanageable. Erin's son soon found that he was in for a trip over the falls, and jumped from the boat, leaving it to its own fate to take care of "No. 1." He then made for the deepest water, turned upon his back, feet foremost and went over the precipice near the west bank. In a short time he found himself against some logs below the mills and climbed upon them. He saw no way to get to the shore so he hallooed a "couple o' times," but hearing no response, laid down and slept till daylight. Two gentlemen with a rope then assisted him ashore.

This is a marvellous escape indeed; probably not one in a thousand could have passed over the same spot and come out alive; but presence of mind is everything in places of danger. He told us his own story as we have given it above, and added—that he had "a pint of *whiskey* in his pocket, but the bottle wasn't broken at all at all; but that he knew nothing about the whiskey till between *daylight and dark* Sunday morning, and so he didn't." He was a little bruised, but not so much as to disable him in the least, for he drove a team out to Minnetonka on the Sabbath.—*St. Anthony Dem.*

MURDEROUS JEALOUSY OF A DIVORCED HUSBAND.—On Saturday night last, a man by the name of Stoddard, living in the upper end of the city, murdered the woman with whom he had been living, and who had formerly been his wife, under the following circumstances:

She was dressing to attend a ball or show that evening, to which she was invited by another man. Stoddard although divorced, was staying with her at the time, and hearing of it got an axe, went to her room, and asked her if what he heard was true. She replied that it was. He then asked her if she still intended to go. She answered that she did. He immediately struck her with the axe across the chin, inflicting a horrid gash, and then followed up the blow by another which completely severed her windpipe and jugular vein. She expired in a few minutes and the murderer fled toward the river, pursued by a crowd, but was not caught. Some say he ran into the river and was drowned, while others assert that he was seen on the Island on Sunday morning about 5 o'clock. His bloody axe was found on the bank of the river close to the water's edge. The probability is that he has escaped. A reward of $500,00 is offered by the mayor for his apprehension.—*Rock Island (Ill.) Advertiser.*

KANSAS LAND DISTRICT.—The land office was opened at Kaskaskia a few days since. Entries to the amount of $10,000 were made in one day. The claimants for lands on the Central railroad were numerous; they were put up at auction and sold as $5 80 an acre.

SERVED HIM RIGHT.—Morrisey, the boasting bully, recently had a rough and tumble fight with another of his sort on one of the docks in New York city, and got beaten and mauled so that his mother wouldn't know him. It is a pity that both of them had not rolled off into the East river.

THE DAILY GAZETTE.

Sudden Death.—Mr. Garrison, who was well known to many in our midst, as the landlord of the City Hotel some years ago, and formerly of the Sherman House, Chicago, was found dead on Main street yesterday morning, about 7½ A. M. He had been indisposed for some days, and had received every attention from his friends and the members of the fraternity to which he belonged, but had ventured out of-doors contrary to the advice of his physician. He leaves a wife and six children in Detroit.—*Wisconsin.*

Cotton Seed Oil.—Mr. Shepard of Galveston, Texas, has produced oil by compressure from cotton. One hundred pounds of seed yield from twelve to fifteen pounds of oil, which, when properly clarified, is equal to sweet oil for machinery, and is superior to ordinary lamp oil, while it can be sold at one-half or one-third the cost of either. The cake is valuable for feeding hogs and other farmer's stock; and thus is brought into use an article hitherto considered worthless.

Jacob Little the great "bear" of Wall street, New York, is reported to have pocketed over half a million of dollars by the recent decline of stocks.

SIGN OF THE SAW, MAIN STREET, JANESVILLE

THE SUBSCRIBERS, in returning their thanks to their numerous patrons for past favors, and soliciting a continuance of the same, would respectfully inform the people of Central and Western Wisconsin, that they have now in store, and offer for sale, at the lowest cash prices, a larger and better selected stock of

Heavy and Shelf Hardware,

Bar Iron, Steel, Nails, Stoves, &c.,

than can be found in any other establishment in the interior of the State.

The attention of Consumers and Country Dealers is particularly invited to our immense stock of

AMERICAN, ENGLISH REFINED & SWEDES IRON, CAST, GERMAN, ENGLISH & AMERICAN BLISTER, TOE CALK, SPRING, COM. & CAST PLOW STEEL, of all sizes.

Also to the almost endless variety of superior
Carpenter, Joiner, Cooper, Blacksmith, Wagon-making and Farming TOOLS,

Tin Ware, Tinner's Stock,

Our stock of

was never larger than at present, and comprises some forty different patterns selected with great care, (having been previously fully tested in this market,) from several of the best manufactories in Troy and Albany. *Having bought our Stoves on long time, without interest, and at a great discount,* we are enabled to compete successfully with those who buy in SMALL LOTS, "exclusively for cash," of which we will convince all who may give us a trial.

STOVE FURNITURE, STOVE PIPE, and all kinds of TIN WARE constantly on hand, or manufactured to order.

We are agents for the sale of Duryee & Forsyth's celebrated Fire Proof Safes and Platform and Counter Scales, and also for the sale of Yale's Magic Bank, Safe and Store Door Locks.

AGAIN & AGAIN

THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39 007 00 Worth of Goods

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10 000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—
Dyed French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,

And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"*CUSTOM cannot stale the infinite variety.*"

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"*The white wonder of fair Juliet's hand.*"

And in taking leave of those of whom it is no exaggeration to say they are

"*Heaven's last, best gift to man,*"

the Nonparells of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosinlized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.

In the

CROCKERY

Line may be found the BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"*Often seen corruption boil and bubble till It o'errun the stew,*"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"*Stand like forfeits in a Barber shop, More in mock than mark.*"

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local *remedy in Paralysis*, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c. —also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done —take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

For sale by HOLDEN KEMP & CO.,
C. F. Simms, Cary & Gordon, Beloit; G. W. Kinsle, Magnolia; Goodrich, Davis & Co., Milton; S. A. Pond, Albany; P. D. Vaughn & Co., Union; H. Cheney, Johnstown; M. Elliot, Monroe. 43m3

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.
Respectfully,
COOLEY & BABCOCK.

Janesville Clothing Emporium.

WM. ADDY,

Merchant Tailor, & Dealer in Ready Made Clothing and Gentlemen's Furnishing Goods,

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

This establishment is now, as usual, the favorite place of resort for the Fashionable, the Cutting Department still being under my own personal supervision, and warranted to suit the most difficult, twenty per cent lower than any other establishment in the State.

No Fit, No Sale is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a practical Tailor, I know when, where and *how to buy* my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist,* at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. I have got on hand a good assortment of

Ready Made Clothing,

of my own manufacture, and warranted in every respect. *Call and examine, before you buy elsewhere.*

It is unnecessary to speak of the peculiar advantages of an investment in a property so centrally located in the largest inland city in the State of Wisconsin—a city so widely known for its thrift and business prosperity, possessing extensive water-power and surrounded by the best farming country in the world—as every one at all conversant with the progress of western cities will see at once these advantages.

The above property is offered at very low rates, and on the most favorable terms, particularly to those who wish to make immediate improvements on purchases.

Also, 1,000 Acres of the

Best Improved Farming Lands,

situated within a few miles of the city, which will be sold in lots to suit purchasers, from 40 to 80 acres.

$20 REWARD.—A span of horses strayed or was stolen from the premises of the subscriber one and-a-half miles from Beloit, on or about the 7th of June last. One of them was rather light in size, a fine looking brown color, a small white star in his forehead, a grey nose, about ten years old last spring, marked on both shoulders with the collar, and one foot with a small white spot; when in the harness he is high-spirited. The other was a heavy white horse, high-hipped, oldish looking, stiff in the forward parts, and marked with the collar on the top of the neck. Whoever will return these horses to Mr. Colley living within 1½ miles of Beloit, or to David Neggle at Janesville, shall receive a reward of $20; or whoever will give information where they may be found shall be suitably rewarded. RICHARD BURKE.

NEW GOODS!

$15,000 Worth of

BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store,

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

In particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for every Farmer in Rock County, as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one; that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of Mr. Buckingham, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of East'n Sole & Upper Leather; also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kinds of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates.
Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. Buckingham, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post-Office, Janesville, Wisconsin.

Sudden Death.—Mr. Garrison, who was well known to many in our midst, as the landlord of the City Hotel some years ago, and formerly of the Sherman House, Chicago, was found dead on Main street yesterday morning, about 7½ A. Cotton Seed Oil.—Mr. Shepard of Galveston, Texas, has produced oil by compressure from cotton. AGAIN & AGAIN

THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea," WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that

"Man wants but little here below,"

and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the immense call for goods at his establishment, to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39 007 00 Worth of Goods

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,

His inimitable selection of

Fancy Dress Goods!

He has over

10 000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents*, such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—
Dyed French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,
And all the articles manufacutred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are

"Heaven's last, best gift to man,"

the Nonparells of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge conscientiously their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS," COW HIDE do., GAZELLE, do.,
PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.
In the

CROCKERY

Line may be found the
BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"Often seen corruption boil and bubble till It o'errun the stew,"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"Stand like forfeits in a Barber shop, More in mock than mark."

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c.—also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales not only *increase* but *hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞ Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—It is of a beautiful reddish color and clear. Try it for Piles.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.
Respectfully,

Merchant Tailor, & Dealer in Ready Made Clothing and Gentlemen's Furnishing Goods,

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

This establishment is now, as usual, the favorite place of resort for the Fashionable, the Cutting Department still being under my own personal supervision, and warranted to suit the most difficult, twenty per cent lower than any other establishment in the State.

No Fit, No Sale is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a practical Tailor, I know when, where and how to buy my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist*, at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. I have got on hand a good assortment of

Ready Made Clothing,

of my own manufacture, and warranted in every respect. *Call and examine, before you buy elsewhere.*

$20 REWARD.—A span of horses strayed or was stolen from the premises of the subscriber one and-a-half miles from Beloit, on or about the 7th of June last. One of them was rather light in size, a fine looking brown color, a small white star in his forehead, a grey nose, about ten years old last spring, marked on both shoulders with the collar, and one foot with a small white spot; when in the harness he is high-spirited. The other was a heavy white horse, high-hipped, oldish looking, stiff in the forward parts, and marked with the collar on the top of the neck. Whoever will return these horses to Mr. Colley living within 1½ miles of Beloit, or to David Neggle at Janesville, shall receive a reward of $20; or whoever will give information where they may be found shall be suitably rewarded. NEW GOODS!

$15,000 Worth of

BOOTS AND SHOES

JUST RECEIVED AT THE

Wisconsin Boot & Shoe Store,

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

In particular, I have no hesitation in saying cannot be equaled in the State, both for style and durability, being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade*, than the whole pile of petty dealers put together. And I know also that I can make it an object for every Farmer in Rock County, as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: That I am now engaged more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one; that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of Mr. Buckingham, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of East'n Sole & Upper Leather; also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kinds of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,
J. B. DIMOCK, Proprietor,
T. H. Buckingham, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post-Office, Janesville, Wisconsin.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

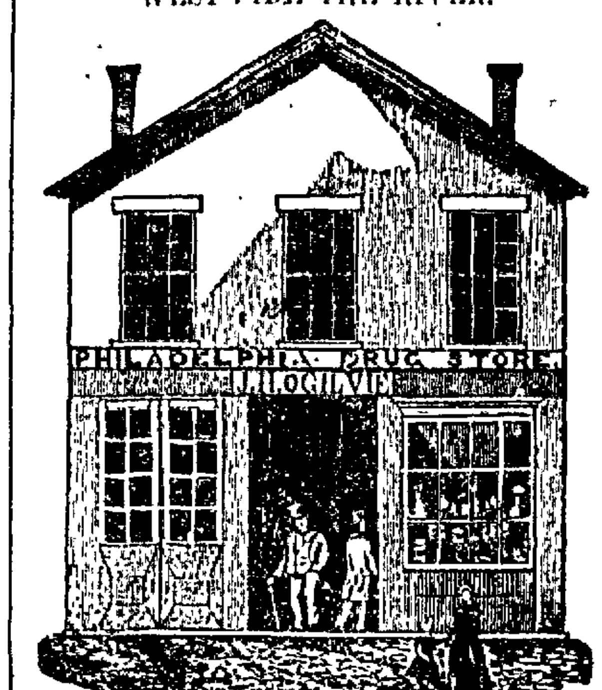

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy *this,* they have concluded to *mark their goods* down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates,* as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap a any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism, Nervous Headache,
Painful and Swelled Joints, Palpitation of the Heart,
Sciatica, General Debility,
Paralysis, Female Diseases,
Spinal Disease, Neuralgia of the Face,
Deafness, Blindness, Rheumatic Pains of the
Dyspepsia, Indigestion, Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. *They* have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and *also* secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases are not more frequently increased in severity* than *relieved,* by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (wh'ch means very much,) make free use of *pure cold water, internally and externally,* with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always *ready for* use, and with little care will last for years.

CAUTION.

Ladies who are *enciente,* are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 86 pages, containing the modes of use, certificates of cure, &c.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat:
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

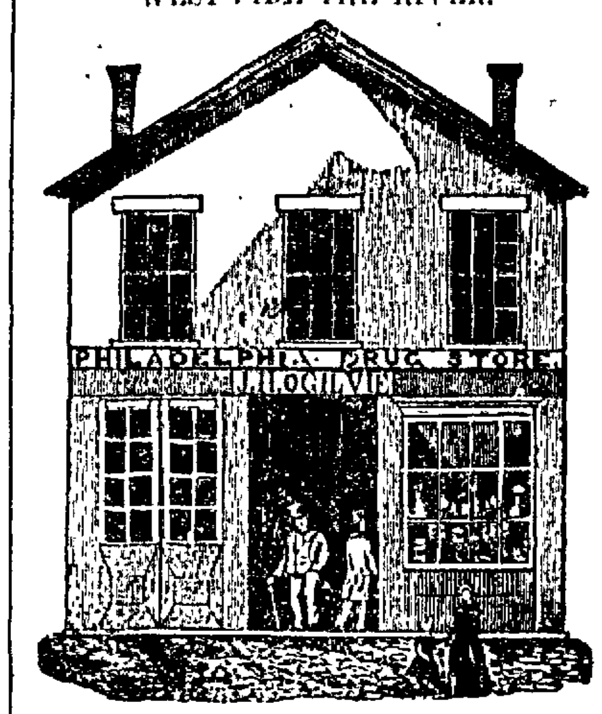

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

Janesville, June 5th, 1854. 40

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention a few leading articles and their prices, and sell the balance of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap at any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciatica,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians*. The sale now in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases are not more frequently increased in severity* than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (wh'ch means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always *ready* for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 86 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,
568 Broadway, New York.

NEWSPAPERARCHIVE®

The Daily Gazette.

JANESVILLE : : : : WISCONSIN.

WEDNESDAY MORNING, AUG. 2, 1854.

☞ The telegraph is again in working order, and we hope to resume our regular reports to-morrow We received a portion of a report yesterday, but it was too disconnected for publication. The arrival of the Canada brings news of a further decline in breadstuffs. No decisive news from the continent.

This, with much more "of the same sort," from an ardent anti-slavery and Maine law pen, fails to convince us that any other organization, designed to "crush out" political evil, can be made as efficient as that which connects us with the whig party. To its principles and action EDUCATION and IMPROVEMENT are indebted. Its sentiments and sympathies are with and for PROGRESS and FREEDOM. Its influence is seen and felt in the promotion of all salutary measures—all wholesome reforms. With this experience of the working, and these convictions of the usefulness, of the whig party, we are not likely to change either our party relations or political creed.

The Albany Journal appends the above remarks to a paragraph from a correspondent, suggesting the propriety of the Journal's going into the people's movement and declaring in favor of the dissolution of parties. We have no feelings but those of respect for such sentiments, nor have we a word of reproach for those who in this state may conscientiously refuse to co-operate with the republican party. Yet we believe there are very few of that class, and the same reasoning that would be conclusive in the state of New York, might not apply to Wisconsin. "Circumstances alter cases." In New York the whig party is strong, and on the Nebraska question it is right. In Wisconsin it is right, but not so very strong. This question and its correlative questions overshadow all others in importance. There is a strong feeling upon the subject among all parties; no inconsiderable number of the democratic party in this state are opposed to the Nebraska law; in fact we hazard nothing in saying that a large majority of them are, but party ties are strong with them and party prejudices stronger. They would no sooner support a purely whig nomination than whigs would support a democratic nomination, certainly a hard alternative. Should such nominations be made and adhered to, the great question, infinitely paramount to that of party success, would be decided so far as Wisconsin is concerned, in the wrong way, contrary to the wishes of three fourths of the people. Is there any party principle sacrificed by a union of all the elements of opposition for the specific purpose of deciding this question? We believe not; and so thinking, we should deeply regret the intervention of anything to defeat this purpose.

CAUTION TO DOGS.—Mysterious bits of meat were to be seen in the streets yesterday, and it is hinted that it would be better for dogs "to touch not, taste not, handle not." We give them the benefit of this notice, that they may exercise all due caution.

☞ Ours and our readers' much valued friend, "an old subscriber," has broken away from the business cares of the city and has retreated to the cooler retreats of northern New York in search of health, from which he dates one of his pleasantly conceived letters, to be found in our columns to-day.

MATTER FOR REFLECTION.—Will our abolition friends "take a note" of the following bill of costs which the Daily Mail furnishes us. Many such expensive fugitives and we are satisfied.—*Young America.*

"Among other bills that have been rendered to the United States marshal for services rendered in the case of Burns—are $9,000; one by the city of Boston for extra policemen, amounting to $7,00; H. D. Parker's bill amounting to $4,000; and the steam tug John Taylor, $120. These are but a small number."

"Our abolition friends" had previously made a note of such facts, and have been troubled to know why the "property" of the south should be reclaimed at the expense of the general government when the "property" of the north finds no such aid. If a northern man loses a horse, he recovers it at his own expense, and we see no reason why the southern slave-holder should not recover his "property" on the same terms.

JANESVILLE, July 30th, 1854.

MESSRS. EDITORS:—

Having been informed that my position and feelings in reference to the case tried before Esq. Bates, have by some been misunderstood, I will state that when asked by Mr. Noggle how I felt "after having all the evidence and taking all the circumstances into consideration." My reply was, that I felt better *satisfied* than I did before the the trial. The idea that I wished to convey was, that having brought the facts of the case before the court and the public, I was better satisfied than before,—not that I thought the person on trial guilty of no wrong, but that the facts in the case were before the court and people, and it was for them to judge as to the guilt or innocence of the party.

The idea that I wished my council to convey in reference to my feelings was that I have no vindictive or revengeful feelings towards the person alluded to. T. W. HALL.

THE WARD JURYMEN.—We have been permitted to make an extract from a letter dated Elizabethtown, July 11th:

This week has been the chancery term of our court. The grand jury have found a true bill for perjury against four of the Ward jurymen, and they are held to bail in $1,000 each to appear at the next circuit court. They have got several others, it is said, but they could not get the sheriff to bring up the witnesses. This may lead to the discovery of the whole affair.—*Danville Tribune.*

Wednesday Eve., July 26, 1854. }

MESSRS. EDITORS:—It is a long time since "An Old Subscriber" had the time to address a few lines to the readers of the Gazette. I was in strong hopes of seeing you face to face long before this date, but sickness stepped in just as I was ready for a trip westward-ho, and by my physician's advice I have been once again turned from my purpose, "to see you," and have now after two weeks' sickness taken a trip away up in Lake Champlain, to seek health and strength amongst the mountains and fine clear air of northern New York. Many of your readers have doubtless seen the beautiful waters of this lovely lake, and I know that they will not think lightly of such a delightful reminiscence, and those who have never seen the lake will not think it a trespass, if I say a few words concerning "a trip for health" from the crowded, noisy, hot and filthy streets of New York to Lake Champlain. Well, old friends, "An Old Sub." knew too much to take the "Lightning Express" for Albany if he was going for rest and recreation, so he took the good old fashioned steamboat the "Troy," for Troy, and after procuring an airy a state room as possible, he looked out to see who were the companions of the voyage. Well reader, the good old times when the Albany and Troy boats were crowded every evening with the gay and fashionable, seeking amusement and the country air, are gone by. The wharf looked *deserted* when compared with what it used to be ten years ago. Yes, *deserted* and lonely. The great mass of travel now go by the rail cars. Speed and not comfort is the motto of young traveling America. So the comfortable river boats are left for the *old* fashioned people and for emigrants going westward. The weather had been so unmercifully hot that sleep anywhere was considered dubious, but I made out to get a few uneasy, hot naps and got in the quiet city of Troy at 5 o'clock A. M., yesterday. After "going in" moderately at the Union House, I took the 7 o'clock train for Saratoga, passing through Waterford and Ballston Spa, both villages, especially the first named, having increased in size and business appearance very much indeed since last I passed through them some ten years since. Saratoga Springs has grown beyond my knowledge; I hardly recognized the place it looked so large and nice, and pretty withal. From Saratoga Springs I took the S. and Washington railroad as far as Whitehall, "*The Lake*," 73 miles from Troy, passing through the pretty villages of Fort Edward and Fort Ann, arriving at the "Lake" at 10 o'clock or thereabout. The fine steamer "Canada" was there waiting and took us all on board, and without any delay proceeded slowly up the crooked, winding and narrow lake, or rather river, for it puts me in mind of river St. Clair very much.—It seemed at times as if one could jump on shore from the steamer's wheel-house. And yet, like the St. Clair, it was a delightful river to sail upon; so meandering, so serpentine, and yet so wild and beautiful. After a while the lake gradually widened and soon you approach romantic and revolutionary grounds. Old Fort Ticonderoga is seen, the ancient ruins plainly visible to the eye, and then you come to "Crown Point," and as you turn the jut of land, the old chimnies of the fort are very distinctly to be seen, and seem in a very perfect state, when the time since they were built and the mutations of their history are taken into consideration.

These latter ruins I intend visiting to-morrow and will (if able) give you a more detailed account of them. This place is situated nearly opposite "Crown Point" and is noted for its iron ore beds. That of the Cheever company yields under careful analysis 90 per cent. of pure iron, and as usually worked in the blasting and smelting furnaces, about 75 per cent. pure iron. I rode up to the "hill" and walked around amongst the "pits," saw the steam engine, a beautiful working piece of machinery it is too, hauling up the buckets full of the "ore" from various pits varying from 70 to 150 feet in depth. It is then carted away to the lake shore, dumped down on the company's wharf and then loaded in the Lake Champlain canal boats for market. The ore seems free from stone or quartz or dirt, and you can rub a piece in your hands all into little fine crystals without in the least soiling your hands. The whole charge of these beds; the mining, carting, shipping, paying men, &c., is under the energetic superintendence of Wm. H. Stone, esq., (a nephew of the late Col. Stone of the Commercial Advertiser.)

The company are building an inclined plane railway of some five-eighths of a mile long to carry the ore to the lake, without carting, and the "way" will be done in two weeks. More anon. "AN OLD SUBSCRIBER."

THE WHEAT CROP IN SHEBOYGAN COUNTY.—The Sheboygan Times of Friday, the 28th inst., has cheering accounts of the harvest in that county. It says:

The winter wheat is about all cut—and much of the spring, and promises a most abundant yield. Many fields, it is thought, will yield an average of 30 to 35 bushels to the acre The town of Scott has three times the amount of grain to harvest that it has ever had before.—Nearly all the other towns have doubled on last year. The winter wheat has been cut in excellent order, but we fear the frequent rains of the last few days will prevent its being securely housed.

REPORTED FRAUDS IN ENGLAND.—The N. Y. Times says: "We hear in Wall street, a rumor communicated through some of the London letters, that a series of frauds in the shape of warehouse receipts, or vouchers for goods represented to be in store, has been successfully practiced upon the commission merchants and bankers of the metropolis, involving altogether about £400,000, or two million of dollars."

WHEAT IN OHIO.—The Columbus Ohio State Journal states that thousands of bushels of new wheat have been offered by the farmers in the county, at $1 per bushel, but the millers decline making contracts at that price.

THE MORTALITY AT LAMAR'S.—We have before mentioned the great mortality at Lamar's stage station, fifteen miles east of this city, on the Chicago road; we have now additional particulars. The dead, in all, are Mrs. Lamar and four children, two servant girls, two stage drivers, the bar keeper and a man employed, until yesterday, making coffins for the deceased. After nine had died in the house, which by the way, is in one of the most beautiful and airy situations in the country, the remaining members of the family, and the friends who had come to their aid, removed to the barn, across the street; where the two last were seized and expired. Mr. Lamar and his only living child have gone to Shullsburgh, and the place is abandoned. Dr. Ladd of Shullsburgh, who died on Thursday morning, was one of the attending physicians; a friend of the family also living at Shullsburgh, is lying at death's door, if he be not also dead; and the four stage drivers who have died in this city, within a few days—two at the Bradley House and two at the City Hotel—were in the habit of taking some of their meals and spending a part of their time at Lamar's house.

This extraordinary mortality is unexampled. We hear that it is accounted for by the condition of the cellar beneath the house. The bottom, it is said, was covered with water in a putrid condition, in which were floating cut pieces of meat, decayed vegetables and other refuse that will gather in such places. Over this mass, the meat consumed by the family was hanging, and through the accumulations upon it, the disease—whatever it may have been—is supposed to have been communicated to the sufferers. It is said that every person who took dinner there on Monday, is now in the grave. Poison is suspected—with what reason, we do not know.

Some local cause operating with deadly virulence has killed *seventeen* out of some twenty-five persons who have been in contact with it. Let this warning take hold of all whose premises contain the seeds of disease.—*Galena Jeff.*

A NEBRASKA "SQUATTER" IN A RAILWAY CAR.—In passing up the Hudson river road last week, the train had stopped for wood and water, and most of the passengers left the cars and were lounging about the platform. Presently the bell rang and the word given, "all on board," when a rush was made for seats. Among those entering was a laboring man, a tough, hardy looking fellow, and finding the seat he had just left occupied by another person, passed on and took the next vacant one he came to. He was scarcely seated before a gentleman came up who had been declaiming on the passage in favor of the Nebraska swindle. He stopped before him and told the hardy fellow that he was occupying his seat and requested him to vacate it. "Upon what ground do you claim?" said the hardy customer very significantly. "I should like to know upon what principle *you* take a gentleman's seat who had left the cars for a moment," replied the gentleman. "Upon what ground?" said the hardy, at the same time bringing his fist down like a piece of live oak, "why upon the principle of squatter sovereignty—being a sovereign I've squatted and claim under Douglas' Nebraska bill." It is needless to say that this proved a Nebraska settler, and the Nebraskite took a back seat the rest of the passage.—*Ill. Jour.*

An earthquake occurred at Panama, on the night of July 10th. About midnight two shocks with barely a seconds interval, shook every house in the city, and so severe were they that there were few people asleep who were not awakened by the movement of their beds. The shock lasted about twenty seconds. Some people were so terrified that they rushed into the streets, expecting momentarily to see their dwellings thrown down. The night was beautifully clear and still and barely a cloud to be seen in the sky. The earthquake was succeeded by lightning and thunder which continued throughout the night. This is the only earthquake experienced at Panama since the year 1841. No damage was done.

THE GREYTOWN BOMBARDMENT.—We are glad to see that the press generally is speaking out in reproof of the acts of the commander of the *Cyane* at Greytown, done in pursuance to orders direct from Washington.

SOLON BORLAND, who was among the first to disgrace the U. S. senate with the language and acts appropriate to Lilligsgate, and who aided to inaugurate that period in the existence of the senate, when such acts and language are the rule, and not the exception,—was rewarded for his distinguished merits, by President Pierce, with a mission to the Central American States. We have heard of no other remarkable diplomatic performance of his except his stump speech of two hours in length, at his reception by th government to which he was accredited. Being about to return home after this arduous labor, in order to canvass Arkansas for the fall election, he arrived at Graytown, and was on board the U. S. mail steamer, about to leave for New York.

One Captain Smith, master of a small steamer on the river connecting Greytown with Lake Nicaragua, had, after some difficulty with a native boatman on his passage down, shot him dead. Being pursued by the police of Greytown, Smith sought refuge on board the steamship, and Borland, with rifle in hand, made armed resistance to the coming of the police on board in pursuit. The same evening on going ashore, Borland was arrested, and kept in durance for the night. Released the next morning, he goes on to Washington, and lays the story of his wrongs (!) before the president, and, forthwith, the *Cyane* sloop-of-war is ordered around to Greytown armed with vengance. The poor, miserable mass of shanties is bombarded for hours, and as the walls of the houses are so thin that the balls go through them without doing them much harm, a party is landed and burns the whole town, destoying alike public and private property, included in the latter being a large amount belonging to citizens of the United States.

Gallant commander! glorious "flag of the free!" Magnanimous president! Brave administration!

"Father and mother and I,
And ten good soldiers more,
Beat an old woman stone blind
That couldn't see much before."—Mil. Sen.

The Washington correspondent of the N. Y. Courier and Enquirer says:

The house has now three corruption committees, and another is talked of, to investigate the charge that two and a half millions of the money appropriated by the Texas creditors' bill has been or is to be applied to the purchase of votes for that bill. Mr. Bayly is under indictment. About one quarter of the house are secretly or openly charged with receiving or listening to offers of bribes in connection with the Colt patent bill.

The same writer adds:

More committees of investigation would be raised, but it is feared that there are not honest men enough in the house to try the rascals.

In the sixth congressional district convention of Indiana, the Nebraska democrats having a small majority, the anti-Nebraska democrats seceded and nominated Mr. Joseph Holman, of Wayne, for congress. D. P. Holloway is the whig candidate, and will doubtless be elected.

SAM PATCH THE SECOND.—Last Sunday evening we saw a *live* Irishman, who, on Saturday night, about 10 o'clock, undertook to cross the Mississippi just below the ferry in Capt. Tapper's yawl, when by some hook or crook, the boat became unmanageable. Erin's son soon found that he was in for a trip over the falls, and jumped from the boat, leaving it to its own fate to take care of "No. 1." He then made for the deepest water, turned upon his back, feet foremost and went over the precipice near the west bank. In a short time he found himself against some logs below the mills and climbed upon them. He saw no way to get to the shore so he hallooed a "couple o' times," but hearing no response, laid down and slept till daylight. Two gentlemen with a rope then assisted him ashore.

This is a marvellous escape indeed; probably not one in a thousand could have passed over the same spot and come out alive; but presence of mind is everything in places of danger. He told us his own story as we have given it above, and added—that he had "a pint of *whiskey* in his pocket, but the bottle wasn't broken at all at all; but that he knew nothing about the whiskey till between *daylight and dark* Sunday morning, and so he didn't." He was a little bruised, but not so much as to disable him in the least, for he drove a team out to Minnetonka on the Sabbath.—*St. Anthony Dem.*

MURDEROUS JEALOUSY OF A DIVORCED HUSBAND.—On Saturday night last, a man by the name of Stoddard, living in the upper end of the city, murdered the woman with whom he had been living, and who had formerly been his wife, under the following circumstances:

She was dressing to attend a ball or show that evening, to which she was invited by another man. Stoddard although divorced, was staying with her at the time, and hearing of it got an axe, went to her room, and asked her if what he heard was true. She replied that it was. He then asked her if she still intended to go. She answered that she did. He immediately struck her with the axe across the chin, inflicting a horrid gash, and then followed up the blow by another which completely severed her windpipe and jugular vein. She expired in a few minutes and the murderer fled toward the river, pursued by a crowd, but was not caught. Some say he ran into the river and was drowned, while others assert that he was seen on the Island on Sunday morning about 5 o'clock. His bloody axe was found on the bank of the river close to the water's edge. The probability is that he has escaped. A reward of $500,00 is offered by the mayor for his apprehension.—*Rock Island (Ill.) Advertiser.*

KANSAS LAND DISTRICT.—The land office was opened at Kaskaskia a few days since. Entries to the amount of $10,000 were made in one day. The claimants for lands on the Central railroad were numerous; they were put up at auction and sold as $5 80 an acre.

SERVED HIM RIGHT.—Morrisey, the boasting bully, recently had a rough and tumble fight with another of his sort on one of the docks in New York city, and got beaten and mauled so that his mother wouldn't know him. It is a pity that both of them had not rolled off into the East river.

SUDDEN DEATH.—Mr. Garrison, who was well known to many in our midst, as the landlord of the City Hotel some years ago, and formerly of the Sherman House, Chicago, was found dead on Main street yesterday morning, about 7½ A. M. He had been indisposed for some days, and had received every attention from his friends and the members of the fraternity to which he belonged, but had ventured out of doors contrary to the advice of his physician. He leaves a wife and six children in Detroit.—*Wisconsin.*

COTTON SEED OIL.—Mr. Shepard of Galveston, Texas, has produced oil by compressure from cotton. One hundred pounds of seed yield from twelve to fifteen pounds of oil, which, when properly clarified, is equal to sweet oil for machinery, and is superior to ordinary lamp oil, while it can be sold at one-half or one-third the cost of either. The cake is valuable for feeding hogs and other farmer's stock; and thus is brought into use an article hitherto considered worthless.

AGAIN & AGAIN

THE BOSTON STORE.

Let the Horn be Blown!!

"Sound the loud timbrel o'er land and o'er sea,"
WHEELOCK'S triumphant, and ever shall be.

THIS is the middle of the nineteenth century, the first half of which has produced more change and onward movement than any fifty years of our Christian Era.

The great controlling power of this age is its commerce—indeed, this may be truly called the commercial age.

It has been well said by an ancient writer that
"Man wants but little here below,"
and to supply those wants

WHEELOCK

Announces to every people and every tongue, to both sexes and all parties, to all factions of all gauges, that finding his old store entirely

TOO SMALL!

He has been compelled, in order to be able to supply the *immense call for goods at his establishment,* to

Double the capacity of his Store Rooms!

Having purchased this spring, for this market, to be sold this season,

$39 007 00 Worth of Goods

But who can expect to read in the brief space of one life all the articles that the

BOSTON STORE CONTAINS.

Indeed, history must fail to give the searcher of knowledge any accurate idea of his immense

STOCK OF SUMMER GOODS,
His inimitable selection of
Fancy Dress Goods!
He has over
10 000 Yards of Silk Bareges,

of every style and price, and it is with no great difficulty that the fair damsels of this fair valley can select,

FROM THE ONE THOUSAND PIECES,

Of all patterns and ranging in price from *SIX CENTS Per Yard to Twenty-Eight Cents,* such dresses as will add to their exquisite beauty, though it may as a general thing, be as difficult to add to that beauty as it is "to gild refined gold, paint the lily, or add perfume to the violet."

It must not be inferred that we offer only these and the many other articles for outer apparel, such as Chamelion and Foulard Silks, but all manner of

Cotton, Grass & Linen Goods

are on change, so that every one may be entirely accommodated with every article of female apparel.—
Eved French red foxed Gaiters,
do do wolfed do
Ladies' Enameled Boots, Enameled sewed Congress Boots,
LADIES MOROCCO POLKAS,
And all the articles manufacatred of the best styles.—So that of this store, so far as articles which adorn La Belle sex are concerned, it may be truly said

"CUSTOM cannot stale the infinite variety."

While the Boston Store has made provision to protect the feet, it can also boast that it has all sorts of

GLOVES,

by which hands can be protected and retain

"The white wonder of fair Juliet's hand."

And in taking leave of those of whom it is no exaggeration to say they are

"Heaven's last, best gift to man,"

the Nonparells of beauty, the Paragons of perfection, Mr. Wheelock assures his fair customers that his assistants and auxiliaries are those who unite great knowledge of the business, fine personal presence and affability of manner to a determination to discharge CONSCIENTIOUSLY their several and respective duties—that while they may have the proper desire to effect sales, they will never in imitation of many of our contemporaries attempt to accomplish that object by equivocation, misrepresentation, exaggeration, tergiversation, fabrication, or by direct lying.

And now to the wants of the

COARSE-HAND SEX.

Mr. Wheelock has every kind of material to make those articles of dress that give to man his individuality—

PANTALOONS,

CALF "BEWTS,"COW HIDE do., GAZELLE, do., PATENT LEATHER do., GIRAFFE do.,

HATS

That fit every head from the Websterian brow to the country politician's sconce, from the size of caput of him who is closely shorn after the Hibernian fashion to that of him who wears the well-pomatumed, ambrosialized, elongated Hyperion curls.

And to the speculator who buys to sell again,

The Boston Store

Can, at lower rates of usance than any other establishment west of the Alleghany mountains, furnish that class of exchanges so that riches will fill their pockets as water fills the sea. And to them we offer
DOMESTIC GLASSWARE, WORSTED,
Pocket Handkerchiefs, Inkstands, Cotton Yarn,
Ready-made Vests, Ground Pepper, Flannels,
Looking Glasses, Ready-Made Over Coats, Pants,
Raisins, Flat Irons and Cotton Batting, Lanterns,
Satchels, which the whining school-boy with shining morning face bears on his arm,
Chests, Norwegian Bandboxes and Hair Trunks,
Tea, Tobacco and Wicking.
In the

CROCKERY

Line may be found the
BENNINGTON, the PARIAN and the LAVA Manufacture, Pitchers for milk or water, Tea Pots, Spittoons, Bowls for washing, for bread and milk, or sugar, Candlesticks, children's Toys and Flower Pots, MAINE LIQUOR LAW VOLUMES and Lager Beer Mugs.

And in fine, the proprietor of this establishment can with all confidence assure those who have been in the habit of trading at Janesville that, although they have

"Often seen corruption boil and bubble till
It o'errun the stew,"

they will find that the representations which shall be made to them by that proprietor or his clerks will not

"Stand like forfeits in a Barber shop,
More in mock than mark."

A. W. WHEELOCK.

KIER'S ROCK OIL,

FROM a Well 400 feet deep, Near Pittsburgh, Pa., is offered to the public as a Natural Medicine of no common value. It is a different thing from the old Kentucky or American Oil, as this is used INTERNALLY as well as externally. As a local remedy in Paralysis, Piles, Rheumatism, Deafness, Loss of Sight, Burns, &c.—also, as a valuable *Internal Remedy* for Piles, Ague, Scrofula, Coughs, Diarrhœa, Erysipelas, old Sores, Eruptions of the Skin, Female Diseases, Worms, Bladder and Kidneys, Bronchitis, Pains &c. &c., it invites the investigating Physician, as well as the suffering patient, to become acquainted with its merits.

Discovered in 1849, it has within 2 or 3 years, made multitudes of cures, and multitudes of friends—and as soon as tried the Sales *not only increase but hold out.* Testimony to its great merit is constantly accumulating in the hands of the proprietor by certificates, letters, and in other ways.

IT DOCTORS THE WHOLE MAN—flesh and blood—skin and bones—from head to foot—how it acts upon the system—upon diseases of different manifestations, we cannot fully tell. While it is both cathartic and astringent, it is Alterative—and mind you, a REGULATOR. A leading principle in it is *Naptha.* When you once have it in the family you will not be without it.

Full as the world is of Patent Medicines—it is thought not best to suppress this, the work of NATURE—to make room for *Human Inventions.* Price 50 cents per bottle. It can be had of wholesalers at the large cities and towns in the West at Proprietor's prices.

HAVE WE AGUE AMONG US?—A tea spoonful every three hours in the absence of the fever will cure you of Ague or Diarrhœa. ☞Physicians, Druggists, and all friends of the afflicted, will do well to recommend this Oil for PROLAPSUS UTERI, and good will be done—take the usual dose 2 or 3 times a day, and bathe the lower part of the back with it. Have you SCROFULA? The Petroleum will eradicate it, root and branch, at little cost or inconvenience. Get circulars of directions for adults and children, gratis of the agents. A trial is all we ask. Mind and get the right kind—it is of a beautiful reddish color and clear. Try it for Piles.

The ONE PRICE CASH SYSTEM, originally introduced into this community and strictly adhered to by this Establishment, has won for it a reputation far more valuable than the Stupendous Self-puffings, quarterly renewed, industriously circulated but universally discredited, which many modern shop keepers deem indispensable to success.

The system will of course be continued—admitting no variation or improvement—to the satisfaction undoubtedly of a large and most desirable class of customers, although at the sacrifice probably of the steady patronage of inveterate higglers and those who inherit the belief that *all* Salesmen will cheat them if possible.
Respectfully,

HAS received his Spring and Summer STOCK, consisting of the very Best and Fashionable CLOTHS, CASSIMERES, DOESKINS AND VESTINGS, of English, French and American manufacture.

No Fit, No Sale is my doctrine.

You will ask how I can do this; I will tell you: From my long experience in this business, and being a practical Tailor, I know when, where and how to buy my Goods, what to pay for them, and how to cut them, not having to secure the services of an *eminent artist,* at a salary of $1,000 to $1,500 a year, which the purchaser must pay for—this is the secret. GREAT SALE OF
REAL ESTATE!
Rare Chance for Investment!
600 Village Lots!

THE undersigned offers at private sale SIX HUNDRED VILLAGE LOTS, situated in "Hickory Glen" and "Pixley & Shaw's" addition to Janesville, and located in the immediate vicinity of the Milwaukee and Mississippi railroad depot, in the city of Janesville.

The above property is but a short distance from the present business center of the thriving city of Janesville, and towards which, through the influence of the various railroads, in operation and projected, the business of the city is fast finding its way.

It is unnecessary to speak of the peculiar advantages of an investment in a property so centrally located in the largest inland city in the State of Wisconsin—a city so widely known for its thrift and business prosperity, possessing extensive water-power and surrounded by the best farming country in the world—as every one at all conversant with the progress of western cities will see at once these advantages.

The above property is offered at very low rates, and on the most favorable terms, particularly to those who wish to make immediate improvements on purchases.

Also, 1,000 Acres of the
Best Improved Farming Lands,

situated within a few miles of the city, which will be sold in lots to suit purchasers, from 40 to 80 acres.

For particulars enquire of the undersigned at *"Pixley & Kimball's Hardware Store,"* or of THOMAS SHAW. B. F. PIXLEY.

$20 REWARD.—A span of horses strayed or was stolen from the premises of the subscriber one and-a-half miles from Beloit, on or about the 7th of June last. One of them was rather light in size, a fine looking brown color, a small white star in his forehead, a grey nose, about ten years old last spring, marked on both shoulders with the collar, and one foot with a small white spot; when in the harness he is high-spirited. The other was a heavy white horse, high-hipped, oldish looking, stiff in the forward parts, and marked with the collar on the top of the neck. Whoever will return these horses to Mr. Colley living within 1½ miles of Beloit, or to David Noggle at Janesville, shall receive a reward of $20; or whoever will give information where they may be found shall be suitably rewarded. NEW GOODS!
$15,000 Worth of
BOOTS AND SHOES
JUST RECEIVED AT THE
Wisconsin Boot & Shoe Store,

I AM now receiving one of the largest and finest stocks of Boots and Shoes that I have ever before brought to Janesville, and what is finer than all the rest, I can sell them at lower prices than I have ever sold before, notwithstanding the great advance in the Eastern Market. My assortment of

Ladies Fine Shoes,

in particular, I have no hesitation in saying cannot be equaled in the State, *both for style and durability,* being all made to order, and in such a manner that I can warrant every article I sell, with the understanding at all times, that if they do not come up to the warrant, they shall be mended free of charge.

GENTLEMEN'S WEAR.

In this line I know beyond a doubt that I can show you a finer assortment and at better prices by twenty-five per cent. than can be found at any of the side shops or Dry Goods stores about town. I want it distinctly understood that I make the BOOT AND SHOE TRADE my WHOLE STUDY, and that I *Buy More, Sell More and know more about the trade,* than the whole pile of petty dealers put together. And I know also that I can make it an object for **every Farmer in Rock County,** as well as every one that trades in Janesville to buy their Boots and Shoes of me for the more I sell the smaller profits I can sell at.

Manufacturing.

I want to say a few words to you in regard to my Manufacturing Department, to wit: *That I am now engaged* more extensively in the manufacturing business, and probably am selling more custom work than all the shops about town put together, simply for these reasons—that I use better Stock, being entirely of Eastern tannage, which every one knows is worth twenty-five per cent more than the common western tanned leather; and what is a better reason and of greater importance, I can

Sell my Custom Work at Much Lower Prices,

and at the same time sell you a better article than you can get at the shops, for this reason, which you must all see is a very palpable one, that in buying my stock east and in such large quantities, I of course save a very large per cent, and thereby can sell at lower prices and at the same time make my profits.

I want to state further that I have secured the services of MR. BUCKINGHAM, who has formerly been engaged in the manufacturing business on the west side of the River, and who is known by every one to be the best manufacturer in the city; and if we don't get you up a better article, both in regard to style and durability, we will forfeit our money and our reputation, and I pledge you my word that this is *no small forfeit.*

Leather and Findings.

I have just received over $3,000 worth of the very best brands of First Proof Sole Leather—[illegible] also, a very large assortment of FRENCH and PHILADELPHIA KIP and FRENCH CALF SKINS, together with a full assortment of MOROCCOS of every kind, which I will sell at

Precisely Milwaukee and Chicago Prices.

I have constantly on hand, also, a large assortment of all kinds of FINDINGS, LASTS, BOOT TREES, CRIMPS, etc., etc., all of which will be sold at the same rates.

I request the attention of manufacturers in town as well as in the country to my stock, as I think I can make it an object for you to buy of me. At least, I can sell you a much superior article to that which you get of the pedlers.

TO THE LADIES,

I would say that I am under very great obligation for the partiality you have shown me, in always procuring your understandings from me, and I now publicly promise and swear that I will make every one of you who may be entitled to the same a present of a handsome pair of CACKS, when I shall have closed up my shoe-selling career. I would say further, that I am prepared to get up to order any style of work you wish, at low rates. Yours respectfully,
J. R. DIMOCK, Proprietor,
T. H. BUCKINGHAM, Foreman.

By the way, don't forget the location of the Institution, three doors above the Post Office, Janesville, Wisconsin.

RAILROAD STORE!

I WISH to call attention, as I have done before,
To the Goods I am receiving now at the Railroad Store,
Where all the newest Fashions, to suit the young and old,
The richest and the cheapest goods in Janesville, will be sold.

My large and splendid stock of Lawns to show I'm always willing,
The price, as all the Ladies know, is from sixpence to a shilling.
I've Fine Black Silks from Italy, and colored ones that's rare,
Plaid, Grodenaps and Marcellaines, and Florences to spare.

And such a lot of Hosiery, I know cannot be beat,
And Gloves a great variety, they are so very neat;
Just now, when Spring is coming, and every thing looks bright,
For a glove to suit the season, the color should be light.

There are other Goods for Ladies, of which they ought to know,
That I keep in those blue boxes, and am always pleased to show,
Such as Blonde and Linen Edging, Cotton and Cambric, too,
Muslin and Cambric Needlework, and Gimps of every hue.

Those Undersleeves and Chimisettes I almost had forgot,
And Ladies' Needlework Collars, so beautifully wrought,
With Bishop Lawns and Cambrics, and Muslins fine and neat,
And Lace to make old ladies' Caps and trim them off complete.

And to parry Sol's "directer rays," I've Parasols to sell,
Of every price and color—they please the Ladies well—
And Umbrellas cheap for Gents, or so at least they say,
For lots of them get carried off, on every rainy day.

Such lots of Combs for the million, of every sort and kind,
To puff, or curl, or plait the hair, no better can you find;
And every kind of Buttons for dresses, coats and vests,
To sell by the gross or dozen—they are the very best.

And for Gentlemen and little Boys I have Fashionable Hats,
Silk, Beaver, Leghorn, Panama, and cloth and leather Caps;
And for infants, Hats with feathers and ribbons gay and bright,
And little Caps with tassels drab, orange, blue and white.

I have stacks of Linen, of yellow, brown and white,
And every other kind, of Summer Goods that's right
To make up into coats and pantaloons and vests—
As large a stock as any, that ever was brought West.

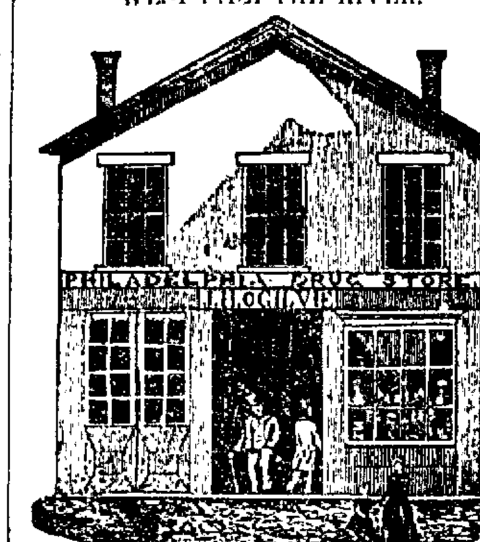

They say long advertisements, are not the oftenest read,
And that most may be meant, as oft, when least is said,
In view of this, I'll close my bill, and here invite you all,
Whenever you come to Janesville, be sure and give me a call.

IRA P. BALLOU.

A GREAT MISTAKE.

J. B. CROSBY & Co.

HAVE just returned from New York and Boston, and purchased so large a stock of Merchandise that they have not room to store them, and to remedy this, they have concluded to mark their goods down at

A TRIFLE ABOVE COST,

which will crowd their store with customers and ensure large and heavy sales, thus making room for goods yet to arrive. Ladies and Gentlemen,

THIS IS NO HUMBUG,

but a REALITY, and to be convinced of this fact personally, look through their immense stock, see the amount of goods they have in store, (and but a portion of their stock has yet arrived,) enquire the price, and you will acknowledge that we will sell you

GOOD GOODS, at nearly half the Price,

that other Merchants charge. We shall not mention *a few leading articles and their prices, and sell the balance* of stock at *higher rates*, as other Merchants do, but shall mark our whole stock at a small regular profit, and adhere strictly to the

ONE PRICE SYSTEM.

Our stock consists of STAPLE AND FANCY DRY GOODS, GROCERIES, CROCKERY, BOOTS AND SHOES, HATS, CAPS, CARPETS, OIL CLOTHS, READY-MADE CLOTHING, &c. &c., to which we invite especial attention, as to quality and price, as we are determined that

Every Sale shall give Full and Perfect Satisfaction.

Auction or shop worn goods which are not cheap at any price we do not deal in; but buy only the best grade of goods, and of the latest styles. We are the only House in Janesville that do a strictly cash business, and buying of importers and wholly for cash, we

CAN AND WILL SELL

CHEAPER AND BETTER GOODS,

than those who buy small stocks on time, and sell them the same way.

To Country Merchants,

We would say, that we will sell you goods at New York and Boston prices, adding freight. You will find us at the old stand of J. B. CROSBY, *two doors above the Post Office.*

1000 Dollars Reward,

WILL be given to any person—Physician or otherwise—who will perform a cure as quickly and permanently, by any means whatever, of any of the following diseases, as can be done by the use of

PULVERMACHER'S

Hydro-Electric Voltaic Chains.

Rheumatism,	Nervous Headache,
Painful and Swelled Joints,	Palpitation of the Heart,
Sciatica,	General Debility,
Paralysis,	Female Diseases,
Spinal Disease,	Neuralgia of the Face,
Deafness, Blindness,	Rheumatic Pains of the
Dyspepsia, Indigestion,	Chest

ALL NERVOUS DISEASES

Are almost instantly removed by the simple application of the Electric Chains, which are constructed so as to be worn next to the skin, producing a constant current of uninterrupted Electro-Magnetism, which within the last few years has been discovered to possess STRANGE and WONDERFUL POWER, in the INSTANT RELIEF and PERMANENT CURE of nervous diseases.

HISTORY.

Pulvermachers' Chain are presented to the public, as the most scientific and convenient mode of applying this powerful agent. They have been secured by patent in France, (where they were invented) England, Germany, Austria, Belgium, and one year since introduced into the United States, and also secured by patent. They are used in every Hospital in the State of New York, and highly recommended by professors Valentine Mott, Van Buren, Post, Carnochan, of that city, who daily make use of them in their practice.

THE WORLD IS CHALLENGED

to produce so many well authenticated certificates of cure, not only from intelligent patients, but from *scientific Physicians.* The sale new in New York is perfectly ASTONISHING, and thousands who visit the Crystal Palace where they are on exhibition, seldom fail to obtain a chain before they leave the city.

Thanks be to the common sense of the people who are beginning to become disgusted with the practice of making a Drug Shop of their stomach—swallowing bottle after bottle of sickening, disgusting trash, having no more effect in even relieving, much less curing, the disease for which they are recommended, than a Poor Man's Plaster applied to the top of the head would have in curing an infant of worms.

All these great and remarkable discoveries, by which every ill "which flesh is heir to" is eradicated from the earth—strange as it may seem—are made by men who are too *ignorant* to obtain a living by any other mode, and their knowledge of disease, its proper mode of cure, its cause, is just as extensive as an Arab's is of the mechanism of a steam engine. No intelligent person will deny the truth of this, and no Physician dare risk his reputation as an honest man, and declare that *nervous diseases* are not more frequently increased in severity than *relieved*, by the old antiquated way of giving medicine into the stomach. If people will only become sensible and think for themselves, and believe that physicians practice upon their credulity more than they have any idea of, pay strict attention to temperance in all things, (which means very much,) make free use of *pure cold water, internally and externally*, with an occasional dash of soap, sleep in freely ventilated rooms, retire early and rise early, be happy and cheerful, employ their physicians to tell them "they require no physic;"—by so doing health and happiness will increase, bottled molasses and water be at a discount, and its famous discoverers be consigned to their legitimate stations.

The Hydro-Electric chains are now for the first time offered to the people of Nashua, as being a *better, quicker, and safer mode* of curing all nervous diseases, than any other method or means hitherto discovered. They can be used by either a grown person or a child, are always ready for use, and with little care will last for years.

CAUTION.

Ladies who are *enciente*, are requested not to wear them, for by long use, miscarriage is apt to be produced.

Price of Chains, $3 to $5, and can be sent by mail to any part of the country, together with a pamphlet of 36 pages, containing the modes of use, certificates of cure, &c. J. STEINERT, General Agent,
